SPECIFICATIONS

Overview

The C&C 121 is a powerful sloop rig, fin keel, spade rudder 40-footer for racing or cruising with many sailor-centric features. Her below deck spaces consist of an aft portside large quarter-berth with lots of storage and three hatches for ventilation and loads of natural light. Leaving the berth there is a nicely equipped galley with a 3-burner stovetop and a Force 10 Marine oven, large refrigerated ice box, sink, and lots of storage. Further forward port is a large U-shaped settee with a centerline dining table. Starboard side aft is the head with sink, vanity, marine head and stand-up shower and forward of that is the Nav Station. Going forward there is a bench settee that also is serviced by the centerline dining table. All the way forward is a V-berth with shelf and hang-up storage. She has a full array of new electronics (2010) including cockpit mounted individual Raymarine ST60 Wind, Speed and DF, Raymarine Autopilot, and a helm mounted Raymarine C90W radar/plotter/GPS. The Nav station has a Raymarine C90W digital radar/plotter/GPS, Uniden UM625C, AIS Transceiver and a mast mounted digital TV antenna. Her sail inventory includes 2 mainsails, 135 Genoa and an asymmetric spinnaker. Her auxiliary power is a brand new (2011) 40-HP Volvo D2-40 Sail Drive Max-Prop with 98 hours. She has shore power, new dodger and side curtains. She is fully equipped and ready to go. Call now for an appointment to see her! She is very aggressively priced at \$85,000. Check out the Full Specs and call for an appointment. When you come and see her you will appreciate what a great deal she is.

Basic Information
