- Dishwasher galley
- drinking water purifier galley
- Icemaker in cockpit port side
- L-shaped settee in lieu of wetbar in cockpit w/coolbox and engine room access
- Cockpit awning over aft deck
- High low electric cockpit table

Manufacturer Provided Description

Embarking on the development of an entirely new style of boat is one of the most challenging and exciting projects we have undertaken in recent times. The inspiration for our Sport Yacht series, came from recognizing the changing values and lifestyles not just of boat owners, but people everywhere changes that are reflected in such domains as contemporary architecture, interior design and the styling of prestige cars. Although luxury is as desirable as ever, the trend globally is towards less formality. In so many areas of life, easy living and convenience have taken the place of stuffy traditions, unnecessary embellishments and sometimes ostentatious and impractical features. Such was the thinking behind the design of our first Sport Yacht, the 3600. And it appears that our thinking was correct. The enthusiasm for this vessel and the larger 4400 model exceeded all expectations: the clean lines, the bright, contemporary interior, the modern materials, the emphasis on easy entertaining, the solid feel and handling together with the spirited performance are among the many qualities that made this one of our most successful new model launches. Now we have taken all this one step further with a significantly larger and even more refined model: the 5000 Sport Yacht. The flow between the cockpit and the saloon that so many found so refreshing is even more inspiring on this 50 model. It brings the inside outside like never before and the saloon is brighter and lighter than ever. The ease with which you can cater to a large party and the standard of comfort your guests can enjoy is magnificent. Australians are masters of informal entertaining. For us it is all very relaxed, even though our catering is often lavish and of superb quality so it is only fitting that it should be a vessel with an Australian heritage that brings these principles to life on the water. For your entertainment, we proudly present a profile of the 5000 Sport Yacht.
