SPECIFICATIONS

Overview

After looking at this vessel you can understand why Silverton calls their Ovation model their crowning achievement. Many upgraded features including the finest ultra soft leather, Birdseye wood accents, Ostrich imprinted wall coverings and stainless steel galley appliances. Air conditioned bridges, low engine hours, and a new Garmin electronics package are just a few upgrades.

Total Heads: 2

Hull and Deck Information

Hull Material: Fiberglass

Engine Information

Engines: 3

Manufacturer: Volvo Penta

Model: IP5 600

Fuel Type: Diesel

DETAILED INFORMATION

Accommodations, furnishings & layout

Sitting majestically in her slip at the yacht club, the Ovation exudes luxury. Silverton went over the top with such incredible features as Birdseye maple accents throughout the interior, with suede wall panels, ostrich finished companion way coverings and ultra soft leather furnishings. The exterior areas are arranged to maximize owner and guest space without giving up comfort.

The vessel is easily boarded by the wide cockpit gunwales with built in port and starboard cockpit steps. The aft deck can also be accessed through the transom gate by swimmers or from travelers using the tender which can be quickly launched by the hydraulic swim platform. The huge cockpit has a long aft settee that comfortably seats six. The aft fly bridge overhangs over the cockpit providing shade on the hottest day. Other aft deck highlights include hydraulic transom storage, accent lighting, fiberglass staircase to the bridge, and a large stainless steel framed sliding door to the salon.

Transiting to the bow is made easy and safe by the stainless steel hand rails and non skid fiberglass decks. Bow features include Maxwell anchor windlass, fender brackets, 3 Bomar deck hatches, and sunpads with built in back rests.

The flybridge is huge for a vessel of her size. A full compliment of Garmin and Raymarine Electronics along with a host of Volvo Penta mechanical controls makes vessel operations a breeze. Captain and crew will enjoy the 360 Visibility of their journey while being protected by a fiberglass hard top and 4 sided eye in glass enclosure. Other bridge highlights include air conditioned bridge, abundant seating, and a wet bar with sink, fridge, and ice maker.

Entering the salon you will immediately encounter a beautifully appointed living area. To port are two leather recliners with a pop up TV between. Across to starboard is a leather settee with a large ottoman between with built in storage. The sole is covered in a light textured burbur carpet. The overhead has ultra suede coverings with Birdseye veneer accents and recessed lighting. Other salon features include wine chiller, Bose surround sound and accent lighting.

Two steps up midship brings you to the forward diner area to to starboard with U-shaped seating for six and a large pedestal table finished in a dark Birdseye veneer. Across to port is the well appointed galley. Making a meal is a pleasure with the abundance of storage and high end appliances. There are two stainless refrigerator draws and two freezers. The large corean counter tops provide great room for food platters. Other features include stainless sink, microwave, dark wood cabinets and a wood lamenent sole.

Five steps down brings you to the forward companionway. The VIP cabin is all the way

forward and features an island queen berth. Both hanging lockers have cedar lining. There is an ensuite head with an access door to the companionway. There is another door to the separate shower stall. Other items include large deck hatch, two port holes, ostrich wall coverings, and a flip down TV.

The second guest stateroom is to port. It has a single berth large hanging locker, 14" TV, combo washer/dryer, and a filler cushions to convert the area into a double berth.

The master stateroom is midship and features an island queen berth and benefits from a full beam cabin. Large tear drop windows port and starboard bathe this cabin in natural light. There is a flip open vanity with mirror forward, built in rope and accent lights cast a warm glow. Beautifully finished door accents give a luxury feeling. Other highlights include Bose stereo, abundant storage, burbur sole, head, shower and recessed reading lights.
