SPECIFICATIONS

Overview

The Bristol 38.8 is a high quality, solidly built boat that has withstood the test of time. Designed by Ted Hood and built by Bristol Yachts in Bristol Rhode Island, Meridian is an outstanding example of a centerboard cruising boat. Hood knew more about designing centerboard cruising boats than anyone and he designed a winner in the 38.8, considering it one of the two most successful designs to ever come out of his shop. A truly beautiful boat, Meridian is turn-key and ready to sail today. Well maintained by a detail oriented owner, she is clean, neat and shows extremely well; her interior is a sight to behold. She is in better shape than many boats 1/2 her age and is one of the finest 38.8s on the market today. With her centerboard up she draws just 4 feet 6 inches, great for the shoal waters of the Chesapeake Bay. On the other hand, if your sights are set across the ocean, the 38.8 is capable of taking you anywhere in the world. Designed with blue water cruising in mind, the 38.8 is a stable and well-mannered boat that has completed many ocean crossings. Seeing is believing, don't miss the virtual tour, video tour and slideshow links below, and call for a showing today!

BRISTOL 38.8 - MERIDIAN - WALKTHROUGH:

COCKPIT The cockpit is spacious and provides plenty of room to sail the boat with a full crew, as well as a great space to entertain at anchor or dockside. It features a pedestal helm with a teak and stainless wheel, binnacle mounted compass, throttle and gear shift, wheel lock, Garman chart plotter, stainless steel hand hold and folding teak table with cup holder. The engine control panel is found next to the helm under the port bench. Depth, speed and wind instruments are mounted on the cabin-top above the companionway, with the autopilot controls found at the helm starboard side. Two teak trimmed cubby lockers are found midway on the port and starboard sides. An emergency bilge pump is located on the aft well bulkhead, port side, with the 30 amp electrical and water hookup found at the stern, starboard side. A swim ladder is also located at the stern along with a tender on davits, which incorporate a flagstaff mount and stern light. Seating for 7 is provided by port and starboard benches and a stern bench with cushions. Lockers are found under the benches, including a propane locker and a sail locker. Two Lewmar 55 two speed self-tailing winches are mounted forward on the coaming port and starboard for head sail trim. The mainsheet traveler is cabin top mounted. The cockpit is protected from the elements by a full enclosure, that includes interchangeable screen panels. **TOPSIDES** Moving forward the deck, surrounded by a teak toe rail, is protected by stainless steel bow and stern railings connected by dual lifelines running the length of the boat port and starboard. Gates are

found at the cockpit, port and starboard and at the stern. Rub rails run the length of the boat, port and starboard. Teak hand holds run along the cabin top, port and starboard, along with two, center mounted opening hatches, one mid-way the other forward. Two dorade boxes are found port and starboard on the forward cabin top with an additional two cabin top mounted midship. The anchor is roller mounted at the bow. There is also an anchor locker, with wash down spigot, at the bow, and electric windless and a through deck fitting to the chain locker. Cleats are found port and starboard at the bow, midship and the stern. The double spreader, keel stepped rig is supported by wire standing rigging and a roller furler. Two 2 Lewmar 40 two speed halyard winches are mounted on the mast, port and starboard, along with a spinnaker pole. Inside and outside foresail tracks run along the port and starboard side decks and four scuppers are found just forward of the cockpit, two port two starboard. **MAIN CABIN** With teak joinery, paneling, a teak & ash sole and blue upholstery, the inviting and spacious main cabin defines the look and feel of a classic sailing yacht. Entering the cabin from the cockpit companionway, the U-shaped galley is found to port and the nav station to starboard, with a quarter berth behind. A port settee with seating for three extends fore and aft along the length of the salon forward of the galley. On the starboard side forward of the nav station a second settee provides seating for an additional three people. A dining table is deck mounted between the settees, and features 2 folding leaves, a bottle well, with flatware trays. Shelves and storage lockers run the length of the salon above both settees, with a flat screen center mounted over the shelf on the starboard side. Teak hand holds are mounted overhead above both settees, and fiddles run the length of the cabin below the port/windows. Two reading lamps are mounted on the forward bulkheads, port and starboard, with additional lights mounted above the shelves on the port and starboard sides. Ventilation is provided by an overhead opening hatch with a solar fan, three opening portlights, three dorade vents, and the companionway hatch. Four fixed port/windows run along the side of the cabin two port, two starboard. A 12 vdc outlet is found at the shelving on the port side behind the settee. The settees are 78 inches long, headroom 78 inches. **NAV STATION** Found in the aft starboard side of the main cabin the forward facing nav station features a teak, lift top nav table, with 4 drawers underneath, VHF radio, EPIRB, mounted Garmin hand held GPS, AM/FM radio CD player, battery charger control panel, 120 vac outlet, 12 vdc receptacle, windless breaker, and an overhead 12 vdc lamp. The electrical control panel is mounted on the aft bulkhead directly behind the nav station. **QUARTER BERTH** The quarter berth extends aft of the nav station and features shiplap paneling and a shelf running its length with a lamp mounted forward next to the nav station. The berth is 79 inches long. **GALLEY** The galley is found in the aft port section of the main cabin and features a U-shaped counter top with a double stainless steel sink mounted in the counter between the galley and the salon. The sink features pressurized hot and cold water, pressurized filtered cold water and a foot pump operated cold fresh water spigot. A top access locker completes this counter space. An overhead mounted microwave and overhead light are found above this counter. The gimbled stove is found along the port side, under a slide away counter top, with an overhead mounted light above. A third countertop extends along the aft bulkhead and features a large top loading refrigerator/freezer and a rack of cupholders. Storage lockers can be found above the aft countertop and running length of the galley along the port side as well as under the sink. A 120 vac outlet is mounted next to the storage locker above the aft counter top, with a fan and paper towel holder found above on the aft bulkhead. Headroom 76 inches. **FORWARD CABIN** The private forward cabin features teak joinery and appointments and

a teak & ash sole. Access is found at the forward starboard side of the salon. A v-berth, with a drawer and 2 lockers underneath is found in the forward section of the cabin. Storage lockers run the length of the v-berth, port and starboard sides. Chain locker access is found all the way forward. A storage rack for the berth cut out is mounted above the berth. A hanging locker with shelf atop, along with a chest of drawers with countertop and locker behind is found in the aft starboard side of the cabin. There is an opening port above the hanging locker. Additional ventilation provided by an overhead hatch with solar fan. A fan is mounted on the aft port bulkhead. Two lamps are mounted port and starboard on the aft bulkheads. The v-berth is 83 inches long, headroom 74 inches. HEAD The head is found on the port side between the salon and forward cabin. The head features two sections. The sink and countertop are found in the first, the second, which houses the head, doubles as a shower stall. The porcelain sink features hot and cold running water. Storage lockers are found above and below the sink, with a 120 vac outlet right side. A large mirror is mounted on the aft bulkhead to the left of the sink, with a towel rack underneath and a light above. The door leading to the salon is found opposite the sink. The manual marine toilet is found in the forward section of the head. The shower wand is mounted behind the head, where a storage locker is also found. A lamp is mounted on the forward bulkhead. A teak grate is integrated into the deck over the shower sump. Ventilation is provided by two opening ports, an overhead dorade vent and two louvered sections in the door, top and bottom. ENGINE COMPARTMENT The engine compartment is found under the cockpit sole and is accessed under the salon companionway stairs and via the quarter berth.

BRISTOL 38.8 - MERIDIAN - ACCOMODATIONS:
