Overview

A new 40-foot Catamaran...Isla 40: A beautiful entry into the Fountaine Pajot Archipelago.

Fountaine Pajot: Sailing Catamarans are exclusively announcing the arrival of a new cruising catamaran into their range: the Isla 40. Her name is self-evident and she sets the benchmark for sailing catamarans of this size.

As the successor to the Lucia 40, which is today sailing on all the seas of the world, the new Isla 40 will have to live up to her predecessor: Innovative, high performance and very comfortable.

In collaboration with the engineers at Fountaine Pajot, this new model has taken inspiration from the strengths of the other models in the range, and giving this 40 foot catamaran even more space and storage. Naturally, you'll find the signature of the range: elegant and refreshing lines, with inverted bows.

The Isla offers a spacious, light-filled and well-thought out salon layout. The overhead natural light gives an impression of space, reinforced by the panoramic view from the salon.

The open galley allows full communication with the cockpit. Also new, a lounge equipped with an iPad base to allow watchkeeping and to control the boat in comfort. At the doorway communicating directly with the helm station, the revamped chart table is easily accessible with all the navigation instruments.

Wish your Fountaine Pajot could pay for itself? It can, with our smart and incredibly flexible income programs. Your boat can generate significant income with our established partners in captained charter, bareboat charter, fractional sailing club, or sailing school. Unlike churn-and-burn charter programs, you have complete control over the amount of sailing time you enjoy. Plus our unique "North/South" program allows you to use your boat in New England in the

summer and in the Caribbean in the winter. You will appreciate year-round sailing opportunities and a healthy income, plus significant tax advantages. We will be glad to supply details on any of these programs

There has never been a better time to buy the Fountaine Pajot catamaran that you have been dreaming about. Consider:

- Still Favorable Euro/US Dollar Exchange Rate Compared to Peak 4 Years Ago
- Still Low Boat Loan Interest Rates - 4.50%
- Tax Advantages-Second Home or Business Deductions, Section 179 Bonus Depreciation
- Income Possibilities-Excellent Demand for Catamaran Charters

All of these issues are lined up perfectly right now. You can be sure that this won't last for very long. Contact us for more information on any of the above.
