SPECIFICATIONS

Overview

Superior styling and exciting performance define this FP Mahe 36. She is the only Mahe less than 10 years old available in all of North America! She is clean and near perfect shape with only 450 hours on the engines. Our trade survey is available. Just took this Mahé 36 in trade customer moved up to larger Fountaine Pajot Catamaran. This is a great opportunity to purchase a lightly used and well maintained Fountaine Pajot Mahe 36. This 2014 Fountaine Pajot Mahe is an exciting cat to sail. As with all the FP cats she is quicker than her competitors and is known for her superior styling. In 2011 the successful Fountaine Pajot Mahe 36 was re-introduced as the Mahe "Evolution". She includes many upgrades, the most dramatic being the attached hard bimini which defines all catamarans today. She was the smallest boat in the FP line of big cruising cats. However, she inherits a big cat feel. When compared to other 35' catamarans you will notice the difference immediately upon stepping aboard. The Mahe 36 performance characteristics come from a strong but much lighter weight hull utilizing infusion technology and composite bulkheads. There's much less water slapping as she has a significantly higher bridge deck clearance, as much as 30% higher than her competitors. Lower helm stations enabling lower booms yield a lower center of gravity improving both speed and stability. As to style her superior design is evident to the beholder. Her lines are graceful and sweeping, not abrupt and vertical. Enjoy one level living with the salon on the same level as the cockpit-no climbing down into the "dungeon" as in monohulls. Guests will be together with the helmspeople (2 person helmseat) whether inside or out. She is a 3-cabin 1 head version: one hull is reserved for the master stateroom with attached lavatory. The other accommodates two double cabins, each with all the comforts needed for a relaxing cruise. Please see full listing for additional options included.
