SPECIFICATIONS

Overview

The First 36.7 was named Boat of the Year by Sailing World and one of the 10 Best Boats by SAIL Magazine, - the First 36.7 by Farr Yacht Design is a competitive One Design and mixed fleet racer and is outfitted with some of the finest available equipment. The First 36.7 is the perfect choice for racers who want optimum performance along with the value and comfort of a cruiser. As You Wish, is a 2005 First 36.7 that has been very well cared for. A fresh-water only boat, the owner has spared no expense in outfitting this boat and she is a proven winner. The hull, keel and structures have been professionally templated and faired. She is equipped with the newer, upgraded pedestal set-up at the helm with a 54" double-spoked wheel, updated Volvo sail-drive engine, and many other features. All new rod rigging in 2017. The boat has been upgraded and optimized to class standards and all of the racing modifications have been done. Carbon Fiber Spinnaker Pole and a full complement of sails for both cruising and racing. As You Wish is clearly one of the best equipped First 36.7 on the market today.

- Cold Cockpit Shower
- Harken Roller Furling
- Harken Carbofoil Headsail Luff System
- Deep Draft Lead Racing Keel
- Spinnaker Gear with Two Halyards
- Carbon Spinnaker Pole (2)

Accommodations

The First 36.7 achieved great popularity in North America primarily because of the dual nature of it's Characteristics. More Racer than Cruiser, she is fast around the marks - yet has many of the accommodations reserved for cruising and entertaining aboard. With over 250 boats manufactured in North America and close to 500 worldwide the 36.7 will not disappoint.

One cabin forward, 2 aft cabins, 1 head, L-shaped galley.

Galley

- Headroom: 6' 2" throughout the main cabin and galley
- Laminated work surface with molded wood fiddle also serving as handrail.
- Stainless steel double sink.
- Mixer tap with hot and cold pressurized water.
- Stowage under sink, with baskets.
- Cutlery drawer.
- 12 V refrigeration unit insulated with injected polyurethane foam, with storage baskets.
- Low-Voltage cutoff switch on refrigeration circuit
- Gimballed stainless steel 2-burner stove top with oven and stainless steel safety rail also serving as handrail. (10 lb. Propane canister)
- Stowage lockers for utensils, crockery and food.
- 1 handrail.

Deck

- The deck is balsa sandwich construction (glass fiber, balsa, polyester resin) for an enhanced strength/weight ratio and for good thermal and sound insulation.
- A roughened non-slip surface increases safety over all areas of movement on deck.
- An inner deck molding is sealed to the deck to round off the finish.
- Access ports are available to service critical deck hardware.

Hull

- Hull # 173
- The hull is Solid Fiberglass GRP.
- VC Performance Epoxy Bottom
- A structural inner molding with unidirectional fabric is bonded and laminated to the hull. Its structural role is important as it takes and absorbs the stresses at pressure points (chain plate tie rods, keel, rudder etc.) spreading these and thereby guaranteeing reduced strain on the hull. The surface to the inner hull makes cleaning easier and provides a better finish.

Cockpit

- Spacious cockpit with a variety of stowage, and electronic navigation equipment:
- Teak slatted cockpit seats.
- Two removable cockpit Seats (In Storage)
- Stowage locker aft to starboard.
- Gas locker aft to port.
- Teak slatted helm seat (In Storage)
- Steering wheel console.
- GRP footholds.
- Steering compass on console.
- Self-draining cockpit.
