SPECIFICATIONS

Overview

An exceptional opportunity to own a semi-custom sailing yacht in the Med that has seen only light private use by its first owner.

Set-up to be easily handled by a cruising couple without a pro captain or crew. Very well specified with every available option necessary for fast, safe and luxurious sailing. Designed by Philippe Briand who brought his enviable pedigree of custom yachts to the Jeanneau engineering and production team. Stunning interior created by Andrew Winch. This partnership delivered a truly unique yacht unlike any other in its class, and at a very competitive price.

Furling main, self-tacking jib, electric rewind winches, bow and stern thrusters. Even power boaters can sail it! Great galley with full size fridge, two freezers, icemaker, stove, convection oven, dishwasher, wine cooler. Palatial master cabin with ensuite bathroom and shower. Two additional guest cabins ensuite. Cruise-ready with generator, a/c, watermaker, offshore nav systems and all other boxes checked. Full specifications available upon request.

For USA buyers, this yacht is offered by a licensed and bonded brokerage who will hold funds in its US escrow account and arrange title transfer, registration, insurance, delivery and US customs formalities. The listing agent is one of very few sailors worldwide who is certified by Jeanneau for this flagship model. A competent resource to explain the yacht's systems and operation.

A comparably equipped new build is approximately US\$1.8mm ex-VAT. This particular vessel was purchased at a special pre-production price and that savings is being passed along to the next owner. Seriously for sale and not to be missed.
