DETAILED INFORMATION

Description

Boarding this Motor Yacht you land on an expansive entertainers aft deck. Walking forward of that you enter the salon through polished stainless-steel framed sliding glass doors. The salon offers a U-shaped seating area with two end tables, a cocktail table, a home entertainment center with pop-up 65-inch flat-screen HD TV and a formal dining area for eight. Starboard side hydraulic-powered sliding doors lead to a teak-covered side deck, and a powered balcony door that opens outboard with the touch of a button.

The galley, forward of the salon, has the pleasant atmosphere of a country kitchen. Four fixed bar stools with footrests rim an island Caesarstone-topped counter. Just aft of the windshield, there's also a forward banquette with a table. The latest appliances and conveniences are easily accessible and include a full-size Sub-Zero refrigerator/freezer, microwave/convection oven and a four burner Miele induction stovetop with a conventional oven below. A 32-inch flat-screen TV fixed outboard of the cabinetry on the port side can be viewed from both the bar and the banquette. A day head is just a few steps away on the starboard side.

The privately accessed full beam master suite is royally appointed with designer touches, a king-size bed, plush wall-to-wall premium carpeting, a surround-sound entertainment system with 65-inch flat-screen HD TV, a walk-in closet, a port-side vanity and a starboard table with two chairs and an ensuite head. Generous amounts of natural light fill this stateroom, accentuating the high-gloss walnut woodwork.

Four additional staterooms will ensure utmost comfort and privacy for family and guests. The forward VIP stateroom has a queen walk-around bed, an overhead skylight, a maple-lined hanging locker and an ensuite head. Crew quarters are reached from the aft deck. The garage in the stern houses dive equipment and toys while the large hydraulic swim platform can lower into the water.

The enclosed bridge, accessed from the salon and lower aft deck, showcases an impressive center helm with a Stidd helm chair and flanking Stidd companion seats. Mostly Garmin Navigation and communication systems help you navigate with ease. Open the large powered sunroof to invite in the sunshine and sea breeze as you relax in the L-shaped sofa that faces a pop-up flat-screen HD TV. A day head adds to the overall convenience of this unique area. Open the aft door on this deck and lower the window divider for an indoor outdoor feel, another great space for entertaining your family and guests.

This Motor Yacht is powered with twin 1,945-hp MTU diesels, which combine performance with the luxury and accommodations noted above. These engines and other machinery are housed in an industry-leading engine room, vikings custom exhaust system serves as an example of their experience and attention to detail. Painted with Awlgrip in bright Snow White for easier visibility and maintenance, the engine room is equipped with technologically advanced but easy-to-

maintain systems for engine room ventilation, air conditioning, fire suppression, oil changing and centralized seawater and freshwater. A pair of side-power at rest stabilizers and a Seakeeper gyro keep you comfortable whether you're cruising or at anchor.
