SPECIFICATIONS

Overview

Galeon 305 HTS catches the eye with its thrilling, dynamic exterior and an open deck layout. Come on board to find a generous aft sun pad that doubles as extra storage or find respite in one of the two lounge areas available on the main deck. The manually operated sunroof bathes the interior in natural light – perfect for those sunny summer days.

Outside, two side decks lead to the bow area with a sundeck divided by a series of skylights. Select the practical, elongated stern platform, to gain an extra 80 cm of space for activities or a small dinghy. Down below the yacht offers accommodation for four passengers, a compact galley and a bathroom.

The saloon has an open layout where the bow rest area can be quickly transformed into a double bed, maximizing the available space during the day time. A walk-in aft cabin offers more privacy thanks to the full sized door separating it from the main living area.

As with all third generation Galeon yachts, plenty of natural light is provided in all areas thanks to the numerous windows and skylights. A selection of diesel and petrol engines is available with both single and twin installations.
