Engine Type: Inboard

Fuel Type: Diesel

DETAILED INFORMATION

Overview

Vessel Walkthrough

BERSCHERT probably has the best layout for a cruising boat in the 48 foot range.

Being a trunk cabin style layout, moving around the vessel is effortless. Stepping aboard can be easily accomplished from the teak swim platform and through the transom door to the cockpit, or from either side deck. From the cockpit, the aft cabin is accessed through a teak door. From the deck, there is a sliding door on the starboard side at the lower helm

Salon:

Once again, the salon is extremely spacious. Lower helm is forward and to starboard. Port side is a very large L shaped settee with a beautiful custom teak table. Forward and to port is a built in ice maker, entertainment cabinet and drawers.

Aft Stateroom:

Going aft from the salon and down several steps lands in the owner's aft cabin. A very large Walk around island berth is just to port of center. Again, High quality hand crafted teak cabinetry is throughout. Hanging locker and cabinet doors are all louvered not only for looks but for ventilation. Plenty of drawers and cedar lined lockers.

Forward and starboard is the aft head. Just aft, in a nook is a wonderful vanity with stool. Just forward is the separate stall shower.

Galley and Guest Cabins:

Forward and down a few steps from the salon is the fully appointed Galley. A large U-shaped counter is to port With an L-shaped dinette with teak table just forward. Two overhead deck hatches and numerous side ports provide plenty of natural ventilation and light.

The mid guest cabin with over under bunks is to Starboard across from Galley.

The forward head is in the galley area forward and starboard, featuring the vessel's second stall shower.

The third guest cabin is located in the bow and features a v-berth with an extra large Filler cushion that converts the two berths into one large berth. Once again, loads of storage with hand crafted cabinetry in Herreshoff styling.

Salon

Teak table with holly inlay – center storage with two drawers under

Sony sound system

Sony tv

Sony dvd

Scotsman wet Icemaker model: dc33a-1w 115 volt unit

Teak and holly soles

Overhead dumb waiter to bridge

Poseidon pleated-friction window shades on all windows

Lower Helm

Overhead large Deck hatch

Large side windows

MarineAir air-conditioning

Separate head - Vacuflush

Vanity – sink mirror drawers seat

Stall shower with glass door frosted side window

Flybridge

The Flybridge is accessed from the salon via teak steps. (Note** a dumb waiter is used to pass items from the salon up to the bridge effortlessly). A six seat wicker L shaped sectional with cushions is located on the aft sundeck. This area is fitted with a sunshade and substantial hardware to properly support it in most conditions

Up a few steps is the flybridge. Protected by a hardtop and 4 sided soft enclosure and hard glass with wiper just forward of the helm, allowing visibility in the worst conditions.

A large teak helm bench with fold up table is center, with wrap around bench seating on the parameters. Two overhead deck hatches provide additional ventilation. Electronics are located on the dash as well as flush mounted in the overhead electronics box

Dumb waiter

Teak bench with fold up table

Overhead electronics box

ICOM vhf autopilot

Stereo
