## Overview

---

Highly customizable, with three distinct aft configurations to choose from, the 500 Fly offers flexibility with cockpit arrangements. Choose between a full-sized garage with a sundeck on top, a classic L-shaped sofa and crew cabin setup or the innovative roto-seat option that includes a compact garage. Best of all – all three will let you take full advantage of the unique beach mode that extends the width of the cockpit to a stunning 6 meters by dropping down both the port and starboard sides.

Galeon 500 FLY revolutionized the market by introducing solutions previously seen only on high-end custom designed units. The transformable bow, rotating cockpit area and, most notably, the drop down sides were the highlights noticed by customers and industry professionals alike. Named the European Powerboat of the Year 2016 and recipient of several other accolades including the IBI Boat Builders Award, it proved once and for all that it belongs in the upper echelon of luxury crafts worldwide.

Choose between a full-sized garage with a sun pad on top, a classic L-shaped sofa and crew cabin setup or the innovative roto-seat option that includes a compact garage. All three layouts will let you take full advantage of the unique Beach Mode option that extends the width of the cockpit to a stunning six meters by dropping down both the port and starboard sides. The bow rest area comes with a transformable seating arrangement which will quickly alter and auto level it into a proper sundeck. Select the optional, soft top bimini for extra protection.

Down below, three cabins and two bathrooms await the passengers for a total of six berths. The master cabin, located midship, offers a double bed, a large wardrobe and a private bathroom. Offer your guests the bow VIP cabin for spectacular night views thanks to a series of skylights. The double guest cabin can be turned into a study, a wardrobe or an additional leisure area.
