Overview

GREAT CRUISING BOAT - LOADED WITH GEAR PERFECT FOR A COUPLE - READY TO SET SAIL ONLY 1120 HOURS

The Catalina 36 has won over many a sailor. Known for its sizeable accommodations in a 36' hull. The C-36 MKII is a perfect blend of sail speed, interior room/comfort and a spacious, well laid out cockpit. Creating the perfect boat for cruising couples - easy to manage, quick and easy to sail, modern and timeless. Serenity II has been equally enjoyed by his owner as a Bahamian cruiser as well as a first place club race winner. Making it the perfect boat for long or short range adventures. The boat has been well prepped for a Caribbean adventure and features great cruising upgrades: - Oversized Stainless Steel Dinghy Davits with Solar Mounts- 200w Solar Panels- Wind generator - AIS Transceiver - Outboard Motor Hoist- Outboard Motor Mount- 3 Headsails: 110, 135 and 150 - North Sails Mainsail only 5 years old (spare fully battened Mainsail included)- 10' hard bottom inflatable and 10hp Tohatsu (negotiable)- Solid fiberglass hand-laid hull - never worry about blisters!- Keel stepped mast for added strength offshore- Set up for spinnaker sailing - two sets of primaries, spinnaker blocks, etc. Boat is easy to see and ready to go! Please get in touch with the listing broker below to arrange a viewing.

The Mark II Catalina 36 is built in the same seakindly moderate displacement hull. It tracks surely and performs well in a variety of conditions.The deck is the classic trunk cabin configuration - proven, comfortable and functional. The main cabin and galley have received special attention to design and detail. The galley is a functional 'U' shape, with composite countertops, the sinks are near centerline for proper drainage underway. A large refrigerated ice box is aft and a dry food locker is forward. A gimbaled, stainless steel LPG stove with oven is standard equipment. The main cabin can be arranged with a dinette or traditional table. The two seats and game table to starboard can be made into a settee or berth with the cushions provided. The entertainment center cabinet can be fitted with a stereo and concealed TV. The main cabin and all interior teak has the warmth and durability only obtained with multiple coats of varnish.The 36 has stainless steel hand rails and anodized spars, reducing maintenance on deck and extending the sailing season. The mechanical, electrical and plumbing systems have been re-engineered to increase dependability and accessibility. Engine access, for example, is excellent, with the one-piece, insulated enclosure removed. The hull is rugged, hand-laminated, solid fiberglass; the keel is lead with integrally cast stainless steel bolts. The mast is stepped through the deck on the keel and has inline spreaders and fore and aft lower shrouds, a sturdy arrangement that is easy to tune.

Exclusions

Owner's personal belongings.
