## Overview

---

The 640 FLY will be a game changer, once again offering solutions never before seen in this class. This transformer yacht will revolutionize the segment with its innovative approach to layout and space distribution. This transformer model will follow a new design path to allow for bigger volume and better space distribution, all while maintaining the great exterior appearance Galeon models are known for.

Outside, the aft cockpit dining area holds eight people who can enjoy an entertainment system with a 40 inch TV sliding up from the kitchen top, all while protected from the elements by the electric aft sunshade. Further back, find the hydraulic bath platform capable of handling all water paraphernalia and a convenient access to a large skipper cabin.

The top deck is enlarged to offer a generous dining space, a full-sized bar and plenty of lounge space surrounding the steering console. The bow deck area can be approached by the revolutionary, electric front window entrance revealing two separate movable sofas with integrated foldable tables for sundeck purpose. Serve the area from a nearby wine bar to further impress your guests. Everyone's favourite Beach Mode makes a welcome reappearance, fitted with six meter long balconies with partially glazed floors and a breakfast bar on both sides.

Equip the cockpit area with a rotating sofa option with a 3,2 m tender garage below to completely separate your yacht from the pack. Inside find extensive lounge and dinner areas with openable side windows next to the bar and steering station. Thanks to the innovatory, two-way stair system, a three full-beam cabin layout was made possible for extra privacy and comfort. A four cabin layout is sure to please enlarged families and charter enthusiasts. Embrace the future of luxury yachts with the upcoming Galeon 640 FLY!
