SPECIFICATIONS

Overview

The 680 FLY joined the latest, fourth, generation of Galeon models and introduce some exciting new features to the segment. With a lightweight construction taking advantage of carbon technologies its powerful, yet elegant frame will offer commendable performance and great handling.

On board the 680 Fly, guests will find incredible volume, a bright and welcoming interior and a highly customizable, luxurious finish. A saloon with four power panoramic windows, wide cockpit doors, a sunroof, and a skipper's exit all combine to place a large open space at the disposal of the guests, to allow for that intimate touch with nature.

The class's largest flybridge offers a "Smart Layout" with a bar and recreation space for a dozen or so guests. The bow area is offered in two different layouts: with an assortment of multifunctional power sofas and tables or a classic sundeck with a large sofa.

Virtual tour:

A selection of powerful engines and a comprehensive list of additional equipment will allow future owners to create their perfect yacht that will turn heads in amazement and become a benchmark for others to follow. Galeon 680 Flybridge combines all the cool aspects of classic style and modern approach.
