## Overview

---

The new 700 SKYDECK comes as a successor to the Galeon yacht with the same name, acclaimed for its design and innovation yet they share little in common. The upcoming model brings a completely new approach to space distribution, several technological advances and even more luxury features on board.

The striking exterior presence and its dynamic profile are staples of the SKYDECK design philosophy which allows to integrate the top deck without compromising the sporty design of the model. For added functionality a lightweight, carbon bimini top option is available to better protect from the elements.

Passengers will surely enjoy the wide side decks that allow safe access to the bow leisure area which will slide open with a touch of a button. Notice the glass sunroof above the helm station and large glass panels both port and starboard side that will quickly retract, opening up the whole saloon. The top deck is fitted with twin sport seats, wet bar and a generous seating area.

Come on board the 700 to experience the finest selection of materials and bespoke interior design options, meticulously finished by the best and most experienced Galeon craftsman. The layout of the main deck allows for two separate zones, with leisure and dining areas moved forward. Guests will appreciate the privacy of the dual staircases that give access to two, separate, sleeping areas down below. Four cabins and three bathrooms await, all with ample headroom and plenty of storage space.
