SPECIFICATIONS

Overview

The Silverton 453 is a distinctive heavily built yacht with a high-freeboard profile. She will appeal to boaters more concerned with a condo-style interior than styling aesthetics. The style is what makes her so spacious. The walkaround side decks have been replaced with staircases on both sides. Silverton calls these sidewalks resulting in a full beam cavernous interior that rivals much larger yachts. She is equipped with a very innovative three-stateroom, two-head floorplan, a layout made possible by raising the galley and dinette forward of the salon. The amidships VIP stateroom of the 453 is as big as the master stateroom aft and both have walkaround queen size berths. The entire interior is tastefully finished with rich cherrywood joinery. A wet bar is standard on the aft deck, and the flybridge has lounge seating aft of the helm. Additional features include a pilothouse deck door, hydraulic swim platform, and large engine room. Twin Diamond series Cummins diesels cruise the Silverton 453 MY at 18 knots (low 20s top).

Basic Information

Category: Motor Yacht

Model Year: 2001

Year Built: 2001
