## Overview

---

Liquidity is a 3-cabin, 2-head version of the Beneteau 49 with numerous upgrades which put her in a class of her own. The 5'9" shoal draft, makes her ideal for the Chesapeake Bay which is where she has resided since launch in 2009.

The Beneteau 49 was the first of the 'new generation' of Beneteaus that carried the beam all the way to the stern, creating a spacious interior and an enormous cockpit. Wonderful for a family or a large crew. The large, fixed windows in the coachroof and the hull-sides were designed to allow a lot of light down below and numerous hatches and opening ports provide good ventilation.

The flat bottom, wide beam gave this generation of boats phenomenal sailing characteristics in that they sail fast, but flat. Heeling too much? Reduce sail, straighten up a bit and keep moving, faster than before. It's a comfortable ride and the boat's length and weight allows her to ride the swell with minimal movement.

### **Liquidity's equipment and upgrades include:**

- **Northern Lights 8KW Generator**
- **Raymarine Radar**
- **CruiseAir Reverse Cycle Aircon (2 Units)**
- **11' AB Aluminum RIB w/**
- **20 HP Honda outboard**

## Accommodations

---

The companionway stairs are a comfortable 45 degrees with handrails for safety. Below the stairs is a counter and to port is the double sink in a stand-alone cabinet. The galley is large and well appointed with separate fridge and freezer, 3-burner propane stove & microwave.

Access to the aft, port cabin is through the galley. It has a queen bunk and extra, custom storage along the side of the hull. To starboard is the second aft cabin, also with queen bunk and **custom storage along hull side**. The aft head is to starboard, with access from salon and aft cabin. It has a separate shower stall.

The forward-facing chart table is on the starboard side, with dedicated seat that has storage below. Instruments and electrical panels are easily to hand. Short settee forward of the chart table. Dinette with C-shaped settee to port. The table can pivot and fold out to form a large dining table and be lowered to form a double berth. Salon **upholstery is UltraSuede**. There are 2 stools which can serve as mobile seating and double as storage.

The master cabin is in the bow, with queen-bunk that can be accessed from each side. Vanity with moveable stool and storage to starboard, storage to port and under the bunk. The forward head has a **fresh water flush electric toilet**, basin and shower with tubular perspex door that can be pulled around to separate the shower from the rest of the cubicle, or tucked away to create more space.
