Total Heads: 3

Hull and Deck Information

Hull Material: Fiberglass

Engine Information

Engines: 2

Manufacturer: Volvo Penta

Model: D6

Engine Type: Inboard

Fuel Type: Diesel

DETAILED INFORMATION

Overview

Manufacturer Provided Description

Flagship of the range that reinvented the traditional trawler, the 2016 version of the Swift Trawler 50 offers a greater amount of interior space and light.

For romantic or family getaways, it appeals to all numbers of crew for its intelligently-designed fittings and very easy handling.

Resulting from the collaboration of Bénéteau Powerboat, the architect Michel Joubert and the designer Pierre Frutschi, the Swift Trawler 50 boasts a contemporary silhouette emphasized by a very fluid flybridge line, redesigned for this 2016 edition. Her hull is specially designed for IPS engines (2 IPS 600) and this long-distance cruiser combines outstanding stability and manoeuvrability. The high bulwarks surrounding the deck reinforce the safety of movements on board.

Hull

Composition:

- Sandwich (Polyester resin - Glass fiber / Balsa core)
- White gel coat
- Structural hull counter moulding in monolithic laminate

Profile:

- Semi-floating hull

Deck
