Overview

Maharani by PRIME Megayacht Platform

The 50-meter “Human-Centered” Design

PRIME, a pre-engineered 50-meter platform designed to support a variety of superstructures, and Maharani, a paradigm-shifting layout fully designed by Vripack “human-centered” living.

Maharani is a total re imagination of space, placing the Owner’s onboard experience at the center of it all. The galley, engine room and wheelhouse were relocated to areas more strategic for the Owner(s) and crew. New entertainment areas were created or enhanced, and connected directly to the Owner(s) and guests.

Vripack’s interior design was carefully developed to embody this Human-Centered Design philosophy. The result is a warm, at-home feeling, with views to enjoy from nearly every vantage point, inside or out.
