SPECIFICATIONS

Overview

DELTA 60 OPENThe 60 Open is the newest addition to the popular Carbon Series by renowned Swedish shipyard Delta Powerboats. The lightweight carbon fiber hull is powered by twin Volvo Penta IPS 800's, a combination that makes her remarkably responsive and fuel efficient. In fact, the 60 Open is capable of cruising at 30 knots with a range of 500 nm and beyond without refueling. What sets the 60 apart from the rest of the field? Simple, its fit and finish. Premium details are coupled with the minimalist sensibility of designer Lars Modin. When taken together, those features create the sophisticated aesthetic that discerning owners have come to expect from Delta Powerboats. *Construction financing available! **Price excludes U.S. shipping and duties.
