Fuel Type: Gas/Petrol

DETAILED INFORMATION

Additional Information

The 420 LXF blends fishing features with luxurious amenities on a high performance double stepped hull. The hull is constructed from a vacuum-infused epoxy-resin technique. This eliminates bubbles and minimizes shrinkage as the boat cures. A broken sheerline offers classic styling with the addition of a retractable bow table, expansive helm and plush forward lounges provides the feeling of being on a yacht. The seating and combing bolsters are mostly made of ultra-leather with double stitching emulating a high end luxury automobile. Her helm is an amazing 59" wide which accommodates (3) 15" Flush mounted Garmin GPS MFD's. A port side boarding door allows easy access on and off for diving. Maybe one of the most innovative and unique features is the door cantilevers outward on hydraulics to become a 6' by 2'4" wide swim platform. Her cockpit measures a massive 9'4" along the centerline making this not only a fishing machine but also a great platform for entertaining guest. This Scout 42 LXF also has the optional SeaKeeper 5 and Kohler 6KW diesel generator. Outside she features the outdoor galley with amenities such as: Isotherm drawer style fridge/freezer/ice maker, an electric grill and a top opening cooler.

Inside the cabin you will find 6.5' of headroom and the ambience of being on a large yacht. The dining table will lower to convert into an additional berth measuring 5' 1" long and 7' wide. The cabin features veneer cabinets and faux granite countertops. There is a freshwater sink and pull out drawer style fridge. A functioning galley utilizes a two-burner cooktop, microwave and refrigeration.
