## Overview

---

At 50.8m, MRS L famously combines a dynamic and impressive exterior with a cosy and tranquil interior design. Designed by Cor D Rover, she was built by the prestigious Italian yard Mondomarine and delivered in 2009. Several notable studios, including Harrison Eidsgaard, Luca Dini and Frédéric Mechiche have contributed to her serene environment through a focus on rich textures and spacious surroundings. MRS L underwent a significant refit in 2013, transforming the interior into an open, welcoming space under the direction of Harrison Eidsgaard. Exterior upgrades included a new awning to the aft upper deck, additional aft deck seating and custom exterior furniture. Major upgrades also took place in 2020. These include a completely new AV/IT system, a new wrap on the garage beach club area and internal transom door, a number of new water toys including a Seadoo GTX Limited 300 Jet Ski and 2x Seabobs F5, an upgraded galley and pantries, new Magnus Marine shore power converter and a new custom sea pool (in stock and ready for the new owner).

## REFIT SUMMARY

### Interior & Exterior Design

Harrison Eidsgaard, under the direction of Ben Harrison, Creative Director, transformed the interior into an open, welcoming space—existing elements were enhanced to create a relaxing, warm environment. Ben Harrison combined bespoke furniture from Davidson, Glyn Peter Michin, and Silverlining; floor coverings from Stark and Oliver Treutlein; and fabrics and leathers from Abbott & Boyd, Altfield, and Spinneybeck to create the new interior and exterior ambiance. Vedder G.m.b.H, the interior contractors, worked closely with Eidsgaard throughout to deliver precision drawings and finally, a precision interior for the Owner.

### Highlights of the interior design works:
