Detailed Description and Features

Accommodations

The Sunseeker 74 main deck layout is unique and comfortable for a vessel of this size. The yacht offers accommodations for eight (8) owners and guests in four (4) staterooms with three (3) heads, plus crews' quarters.

One of the outstanding features of this vessel's layout is the private stairwell to the master stateroom, offering another level of privacy rarely found in vessels less than 85 feet. The three guest staterooms are accessed via a forward stairwell, and the crew quarters are aft of the engine room accessed from the aft deck. Once you have traveled with guests and crew, the privacy this yacht provides is comfortable for everyone on board.

Starting aft on the hydraulic swim platform that will carry, raise, and lower a tender, it is then up 2-steps on either port or starboard side to a large aft deck with a contoured bench seat and teak table. There is a stairway to the flybridge on the starboard side.

Centerline is a tinted sliding glass door and matching large framed window, through the door to a split-level salon with galley to port on the lower level and a settee to starboard on this same level. There is an internal stairwell to the flybridge that hovers over the private access to the master stateroom, an amazing use of space.

Then up one step and forward into a large entertaining area, framed by windows on all sides. This level features a comfortable, large lounge with a coffee table to port accompanied by a dining area to starboard. Forward of the dining area is a lower helm.

All of this layout is flowing style so that more than a dozen guests would enjoy. Down the stairwell forward to the VIP guest stateroom, with ensuite head and the two guest staterooms and a shared head.
