SPECIFICATIONS

Overview

Jamie Lynn II Looking for that perfect boat is difficult and different for everyone depending on your needs. The Hunter 336 is one of the boats that fit many of those wants and needs in the under 35' size range. Jamie Lynn II has been well cared for, nicely equipped with constant maintenance and upgrades. She is shoal draft and ready for that Chesapeake Bay cruise this summer.

Speed, Capacities and Weight

Displacement: 11030 Pounds

Water Capacity: 80 Gallons

Fuel Capacity: 30 Gallons

Accommodations

Total Berths: 6

Total Heads: 1

Hull and Deck Information

Hull Material: Fiberglass

Engine Information

Engines: 1

Manufacturer: Yanmar

Engine Type: Inboard

Fuel Type: Diesel

DETAILED INFORMATION

Overview

Walk Through

When approaching Jamie Lynn II the first thing you will notice is the large inviting cockpit. Within this space is comfortable seating for 6 to 8 people by bringing the coaming outboard to the rail. More usable space has been ergonomically created within the cockpit, providing room for a custom steering console complete with tables, drink storage, cockpit lockers and a drop down transom seat making easy access to the swim platform.

This Hunter 336 offers the cruising sailor a large open salon with a full wrap around settee and forward large V-berth. She is perfect for those who like to entertain but occasionally have overnight guests aboard.

The interior finish consists of warm hand-rubbed teak with great looking ash accents, and durable designer fabrics throughout. The full service galley was given tremendous thought and design input. The sink, for instance, includes twin deep basins, dual cover-cutting boards, and a separate drain board made from one piece molded fiberglass for easy cleaning and maintenance. The built-in dish rack holds the standard dishes in place and provides a handy sink light as well. The icebox includes a hydraulic assist. Aft, you'll see an extra-wide queen size berth with topper for comfort, hanging locker and plenty of storage. Also, because of the unique cockpit design it allows for more headroom down below, where you really need it.

The Hunter 336 utilizes a large-roach main, full battens, end of boom sheeting, and a high aspect ratio jib. The 336 makes shorthanded sailing easy. Small but important details like twin dorade vents, integral anchor rollers, midship cleats and wide side decks will make owning her a pleasure for many years to come.
