SPECIFICATIONS

Overview

The Express V-Max 18' and Trailer is a bass boat with impressive speed capabilities that's also stuffed with plenty of fishing features and storage. Hot Springs, AR, is where Xpress Boats has been building aluminum boats with a solid reputation for quality since 1966. Particularly noteworthy is the fact that Xpress doesn't use any fasteners in its hulls; everything is welded. Why that matters is because a properly welded boat is inherently stiffer than a boat held together with rivets, screws, or bolts. The benefit to you is a great-riding hull with outstanding durability. 18' Express Aluminum Trailer 101 Hours 150 Yamaha VMAX 2-stroke Engine Dual Teleflex Steering Beam: 7'.1" Minn Kota Edge Trolling Motor 40 KEPT IN CLIMATE CONTROLLED BUILDING
