DETAILED INFORMATION

Walkthrough

As you prepare to board the vessel from the stern, you will find a large hydraulic swim step outfitted for a large 12' tender. The aft deck features ample seating areas that are well-suited for entertaining. Similarly, you will find generous seating areas on the bow. Entering through the full-size sliding door, you will be delighted with the natural light provided by the abundant 360-degree view windows. The salon features a U-shaped settee on the port side, accompanied by a spacious lounge chair on the starboard side. A recently upgraded wet bar complete with wine and spirits storage is located in the salon cabinet. The new Samsung television lifts from the cabinet to provide the ultimate viewing area. Moving forward you will find a L-shaped settee on the port side across from the helm station. To starboard the fully equipped helm station includes two Stidd chairs and exterior access through a starboard side door. The full Furuno navigation suite has been frequently upgraded and will make it a breeze to cruise in any conditions. Additionally, the Yacht Controller provides multi-function wireless control for the engine, shift, thrusters, and windlass from anywhere while onboard or on the dock. As you move below deck, you'll be delighted to find a bright and airy galley to port. With plenty of amenities for extended cruising and a well-thought-out list of standard features, you'll want to cook every meal onboard M&M's. Across from the galley to the starboard side you'll be greeted by pocket doors opening to a sizable ensuite master stateroom. Located amidship, wave and motion are minimal allowing for restful relaxation. Moving forward the ensuite guest stateroom is large and welcoming. There is abundant storage space for your guest's belongings as well as any equipment and personal belongings you want to keep onboard. The beautiful living spaces onboard M&M's are sure to impress! The engine room is accessible through a wide electronic door opening in the cockpit. The well insulated and well lighted space allows effortless access to all mechanical and electrical systems. Equipped with twin Caterpillar C15 diesel engines capable of reaching 35 knots you'll reach your next destination in no time. The style, quality, and performance of all American made Sabre motor yachts is evident from the moment you step onboard.
