SPECIFICATIONS

Overview

Please note that this listing represents a model specification for a new build and not an actual hull for sale. For more information on this model and build availability, please contact us*

Spaciousness and solid construction characterize the Horizon E62; her sleek exterior profile and beautifully crafted, hand-made interior give this world-class motoryacht many of the same refinements normally found on a larger yacht. An innovative and proven hull design gives it exceptional handling and sea-keeping ability, showcasing Horizon's commitment in providing an entry-level yacht tailored to fulfilling your dreams and exploring your own horizon. The E62 is available in both Open and Enclosed Bridge versions, and a cockpit is optional, which would put the LOA range between 62 feet (18.6M) and 69 feet (20.7M). A hydraulic hi/lo platform can also be added to the new design, which will provide a total LOA of 72 feet (21.6M).
