SPECIFICATIONS

Overview

If you're in the market for a Custom Sportfish, then this 58 Hunley-Sullivan is a must-see. This cold-molded hull provides a soft and comfortable ride, that people have come to love in a boat designed by the well known marine architect, Donald Blount. Randy Dixon used these designs and built a fantastic boat that gives you everything you need to be comfortable and safe, far away from shore. The boat is powered by twin 1050HP MAN engines with 1800 hours and up is to date on service. It cruises at around 29/30 knots burning about 65 g/hr. The current owner has had an open checkbook adding numerous upgrades, including a new teak deck and mezzanine, all new LED lights throughout the boat, all new Garmin electronics, new JL audio sound system, 2 new 500-gallon fuel tanks (1000gal total), and new Dometic ice chipper just to name a few. The boat is kept in Stuart and is available to be seen at any time. Call the listing broker to schedule a showing today.
