

2018 GRADY-WHITE MARLIN 300 — GRADY-WHITE

Судостроитель: GRADY-WHITE

Год постройки: 2018

Модель: Катер для спортивной рыбалки

Цена: ЦЕНА ЯХТЫ ПО ЗАПРОСУ

Местонахождение: United States

Длина общая: 32' 7" (9.93m)

Ширина: 10' 7" (3.23m)

Мин. осадка: 1' 7" (0.48m)

Крейс. скорость: 25.200311018 Kts. (29 MPH)

Макс. скорость: 42.579835858 Kts. (49 MPH)

Купить 2018 Grady-White Marlin 300 — GRADY-WHITE а также выбрать подходящую вам яхту из нашего каталога яхт вам поможет опытный яхтенный брокер Андрей Шестаков. На сегодняшний день компания Shestakov Yacht Sales Inc. имеет большое количество яхт в собственном списке продаж, а также тесно сотрудничает со всеми крупными яхтенными производителями по всему миру.

Для того чтобы купить яхту 2018 Grady-White Marlin 300 — GRADY-WHITE а также проконсультироваться по любому вопросу связанному с покупкой, продажей, чартером яхт позвоните по телефону **+7(918)465-66-44**.

Best optioned Grady-White Marlin 300 on the market! This vessel is immaculate, a must see if your looking for a serious fishing boat! **Factory Installed Options:**

- 8,000 BTU Air Conditioning
- Bow Thruster
- Cockpit Shower w/Hot Water
- 19" LED-LCD TV w/DVD
- Optional Color Gelcoat - Seaport Blue
- Generator - 5kW Diesel
- Hardtop Color - Underside of Hardtop
- Hardtop Mounted Spot Light
- Underwater LED Lighting
- Folding Rod Storage in Cabin (4)
- Garmin GMR 624 HD 2 Wide Array Radar
- DUAL Garmin 7612 Displays
- Garmin Autopilot
- Garmin 210 VHF w/ A.I.S. Radio
- Rear Sunbrella Shade Cover

Mission The Marlin 300's SeaV2® hull and overall design make it an offshore saltwater fishing vessel first and foremost. The 30'6" (9.30 m) LOA and cabin below deck are a marriage of practicality and convenience. Perhaps the most important thing about the Marlin 300 is that it is a lot more comfortable – dryer and safer – for extended trips far offshore for bluewater fishing. Because she is not an open boat, when the sea gets rough, her closed foredeck and protected bridge and cockpit make her a welcome alternative to any center console on the market. The addition of Strataglass between the windshield and the hardtop allows the bridge to be buttoned up for a cozy ride home when the weather turns foul. In addition, the square footage in her cockpit is greater than what is found in most center consoles her size between the lead post or bait-prep station and the transom. The added advantage of the design is that she has an enclosed head with sink and shower, a full galley, and a U-shaped seating area with a convertible table for dining which can be made into a double berth. Another berth is amidships. For this reason, the Marlin 300 can also be used for cruising and even short weekend over-nighting. A "Walk Around". The Marlin 300 is the largest boat in Grady-White's "Walk Around series, but frankly, we think of her more of a fishing boat. "Walk Around" refers to the side decks which are recessed to provide secure footing when working a fish around the boat. We think these side decks are an excellent compromise between an express and a center console. For all of these reasons we find that she provides a lot more utility than the ubiquitous center console. Major Features

- **SeaV2 Hull Design.** The hull was designed by C. Raymond Hunt and Associates which knows as much about designing a deep-V hull as any firm on the planet. Her high deadrise forward widens to a moderate deep-V aft to combine stability with riding comfort.
- **Below Deck Features.** The Marlin 300 has two berths, galley, full head with a shower, dining space, storage, with added optional air conditioning, and entertainment platforms.
- **Aft Fish Box.** Along the transom is the 300's 290-quart (275 L) aft insulated fish box. It comes with a light and overboard drainage.

Features Inspection Stern / Swim Platform The stern of the Marlin 300 is nearly all engine with a stainless steel re-boarding ladder on the starboard side. The ladder is molded-into the fiberglass platform, and just below it begins the 300's rub rail, which circles the entire boat and is made of high-quality PVC with a stainless steel insert. Just forward of the re-boarding ladder is the transom door. The stout door is made of fiberglass with a heavy-duty stainless steel latch on the inside just below the cockpit bolster that extends to include the transom door. The door opens out, which we prefer so it does not restrict cockpit space.

Cockpit The cockpit on the Marlin 300 is the primary fishing space, and is broken up forward by two steps up to the helm deck and access to the cabin below. A bolster wraps around the cockpit with four dedicated rod holders mounted into the reinforced gunwales. Rod racks are under both gunwales. Just below these are toe rails that can be used when hauling in the big one. On the hardtop legs, two to each side, are stainless steel rocket launchers. Along the transom is the freshwater cockpit shower. The majority of the transom panel, however, is taken up by the 300's 290-quart (274 L) fish box, which has LED lights and drains overboard. On the port end of the transom is a lift-out storage bin under a fixed cutting board. Under the bin is access to two battery banks with four batteries. There is fresh and raw water washdowns under the cockpit bolster. There is a fold-down bench seat facing forward on the transom as well with marine-grade weather-resistant upholstery. Below the seat is an access hatch to levered seacocks and the 5 kW Diesel generator. The levered seacocks are a very good idea and something that is rarely seen. They enable the seacocks to be turned off quickly in an emergency without having to fish around for a long reach to the thru-hull. The rigging station in the cockpit is to starboard. With sink and lockable tackle storage below. The cockpit livewell, which sits to port, just abaft the companion seat.

Cockpit Details. Forward the rod holders in the gunwales are fiberglass steps up to the side decks on each side. Adjacent to the steps up to the helm on the centerline on each side are two stations: to port is a 32 gallon (121 L) insulated raw water livewell with a light, full column distribution inlet, and overboard drain; to starboard is a rigging station with a freshwater sink, insulated bait box, and lockable drawers. For both, cushions can be easily installed just on top, creating additional cockpit seating space. She features Lighted cockpit bolsters in the Marlin 300, with rod racks below -- 3 on each side. Two fiberglass steps up in the center of the boat from the cockpit to the helm. The bottom step lifts up to reveal storage space below.

Helm/ Under the Hardtop Bridge Seating. This Marlin 300 comes with two optional Command Elite seats that are horizontally and vertically adjustable with deluxe cushioning for smoother ride. Flip up bolsters, too. The hardtop comes standard on the Marlin 300 and comes as a painted aluminum frame, with radio box, storage nets, spreader lights, four side mounted rod holders, outrigger plates, and drop, front and side curtains. The helm station has a stainless steel steering wheel with throttle just to starboard on the forward flat panel. A compass divides the dash's flat panel. Rocker switches and the standard trim tab controls are to the

right. Captain Grady. One of Grady-White's big innovations is their Captain Grady system, which works on either an iPad or iPhone or other smart devices as an app and provide operations guides, FAQs, and troubleshooting. Forward, the windshields are ventilated tempered glass, with windshield washers and two standard windshield wipers. **Cabin** Access to the cabin comes via three fiberglass stairs to port of the helm station. The flooring on the 300's lower deck are teak and holly, and immediately to port upon entry is the boat's galley. It has a microwave, glass electric top stove, refrigerator, Corian countertop, stainless steel sink, and trash drawer. Above is storage behind sliding cabinet doors. **Midships Berth.** Immediately to starboard off the access stairs, through a lowered entrance, is the aft double berth, which has netted storage on the far wall, as well as rod storage overhead. Opposite the galley on the starboard side is the 300's enclosed head. It has a sink, shower, and lamp, with a VacuFlush marine head that has a 10-gallon (38 L) holding tank and pump-out. **Dine or Sleep.** Forward below deck is a dining space that can convert to a V-berth. The "C" shaped seating section wraps around a cherry wood table and has a backrest wrapping around the entire space. The table can be adjusted down to be level with the seating, allowing the addition of a filler cushion for conversion to a berth. Removal of the cushions in the seating section itself reveals storage cubbies below. Overhead are two reading lights, as well as four rod storage racks to each side, which flank the opening overhead hatch that has both a screen and a shade depending on desired level of natural light and fresh air. **Bow** The deep footwells add welcome security when working a fish forward in a seaway. The Marlin 300 is a walkaround cuddy cabin, and from an easy step-up in the cockpit you're up onto the side-decks, with the 316 grade stainless steel guide rails extending all the way up to the foredeck. On the bow, just forward the windshield, is the opening Bowmar hatch above the lower deck V-berth. This surface can also be covered with the cushions and converted into a seating space. Forward the seating space is the anchor windlass, which has foot controls to port (as well as controls at the helm), and a bow pulpit that includes a roller. To the starboard side of the windlass is the anchor locker, under a hatch with a stainless steel latch. **Power** This Marlin 300 is equipped with twin 300 Yamaha four-strokes. **Performance** With a pair of Yamaha V6 4.2L 300-hp engines powering the test boat, we had an estimated test weight of 10,615 lbs. (4,815 L). Our top speed at wide open throttle was 43.4 knots. Best cruise came at 3500 rpm where we recorded 24.0 knots, burning 18 gph (68 lph), getting 1.3 nm per gallon (4.9 LPNM) for a range of 338 nmiles with a 10% fuel reserve. She was fast on plane – 3.0 seconds, hitting 20 mph in 3.9 seconds and 30 mph in 6.9 seconds. **Observations** The Grady-White Marlin 300 has passed the test of time. The builder first introduced this series over 30 years ago and they are still in the lineup -- but re-engineered and updated over the years. That is saying something as most boat models last from three to seven years before they are discontinued. At 30' (9.14 m) this vessel is big enough, and seaworthy enough to take from Florida down island. The Grady-White Marlin 300 is a top-flight fishing boat, with plenty of amenities aimed at such an excursion. Credits: the above descriptions are from Boattest dot com

ПОДРОБНОЕ ОПИСАНИЕ

Overview

Manufacturer Provided Description In 1988, the Marlin 280 (today's Marlin 300) was the first Grady with the exclusive SeaV2® hull, offering amazing performance and true offshore saltwater fishing boat capability. Since that time, through customer input and attention to detail, Grady-White has refined every feature of this signature, much loved 30-foot walkaround cabin boat.

- 2 automatic bilge pumps (total 2600 GPH) (9842 LPH)
- Basic flotation
- Bow rail - 316 grade stainless steel
- Captain Grady - digital boat systems and operations guide for iPad and iPhone
- Cockpit toe rails
- Companion grab rail
- Composite stringer system & transom - water impervious
- Nonskid fiberglass liner
- Nonskid recessed walkaround
- Self-bailing cockpit w/cockpit drains (4)
- Stainless steel through-hull fittings

Cabin

- Accessory outlet - 5V duplex USB port
- Berth - aft double berth
- Berth - forward vee berth
- Carbon monoxide monitor
- Forward hatch - low profile acrylic hatch w/screen & shade
- Galley - port side galley w/sink, light & Corian(R) cutting board
- Head - enclosed head area w/sink, shower, lamp & VacuFlush® marine head w/10-gallon (38 l) holding tank & pump out
- Lighting - dome (2)
- Lighting - reading (3)
- Lockable door w/screen & companionway hatch
- Microwave oven
- Mirror
- Refrigerator
- Rod storage - aft berth
- Rod storage racks (6)
- Stereo system w/AM/FM tuner, MP3 auxiliary audio connections/amplifier, Bluetooth®, remote control & fold down storage; speakers - cabin (2), cockpit (2) & helm (2)

- Storage - galley cabinet & counter
- Storage - under berth compartments
- Storage nets
- Stove - electric glass top
- Table - cherry
- Teak & holly sole
- Water heater - 6-gallon (22.7 l), 120V
- Water tank - 32-gallon (121.1 l) freshwater
- Window - aft berth window w/screen
- Windows - tinted frameless acrylic w/curtains (2)

Cockpit / Deck

- 100% hand laid hull & deck
- Accessory outlet - 12V
- Accessory outlet - 5V duplex USB port
- Anchor windlass w/remote switches at helm & windlass
- Batteries (4)
- Battery charger system
- Battery select switch
- Bow pulpit w/roller
- Cleats
- Cockpit bolsters
- Cockpit freshwater shower (recessed)
- Cockpit lights - blue LED
- Compass
- Deck hardware - 316 grade stainless steel through-bolted
- Dockside power w/galvanic isolator
- Drink holders - stainless steel (9)
- Engine flush system w/hose attachment aft (one per engine)
- Factory engine pre-rigging
- Fighting chair reinforcement
- Fish box - 290-qt. (274.4 l) aft insulated fish box w/light & ob drain
- Flush mount electronics kit
- Footrests - helm & companion (adjustable)
- Freshwater level indicator
- Fuel capacity - 282 gallons (141-gallon tank, 141-gallon tank) (1067 l)
- Hardtop w/painted aluminum frame, radio box, storage nets, spreader lights, side mounted rod holders (4), outrigger plates & drop, front & side curtains (ivory)
- Hydraulic trim tabs w/indicator & retractor
- Integrated outboard mounting system w/swim platform & ladder
- International lighting
- Livewell - 32-gallon (121.1 l) port insulated raw water livewell w/light, full column distribution inlet & ob drain (1100 GPH pump) (4164 LPH)

- Rigging station behind helm chair w/freshwater sink, insulated bait box w/ob drain & lockable drawers
- Rod holders (4)
- Rod storage racks - horizontal (6)
- Rubrail - high density PVC w/stainless steel insert
- Seating - Deluxe II vertically and horizontally adjustable helm & companion chairs
- Seating - fold away aft bench seat w/cushion
- Seating - foredeck cushions
- Seating - port livewell cushion
- Seating - starboard tackle station cushion
- Steering - hydraulic tilt w/power assist (n/a with Yamaha Helm Master control)
- Steering wheel - 316 grade stainless steel
- Stern eyes - heavy-duty 316 stainless steel
- Storage - aft deck lift out box
- Storage - forward anchor locker w/rode storage
- Storage - lockable electronics box at helm (in lieu of flush mount)
- Storage - lockable storage under helm & companion seats
- Storage - under step compartment
- Transducer mounting flats
- Transom door - fiberglass
- Washdown - freshwater
- Washdown - pressurized raw water w/hose
- Windshield - ventilated tempered glass windshield
- Windshield washer - freshwater (starboard)
- Windshield wipers

Исключения

При продаже яхты исключаются личные вещи владельца.

Отказ от ответственности

Компания предоставляет описание судна или яхты добросовестно, но не может гарантировать точность этой информации, а также не ручается за техническое состояние. Покупатель должен проинструктировать своих агентов или оценщиков исследовать представленную информацию более подробно, по собственному желанию. Продажа судна или яхты, изменение цены или снятие с продажи будет происходить без предварительного уведомления.
