Overview

"Arcturus"

Washington State LLC owned

This Magnificent West Bay SonShip is one of the most highly customized yachts ever produced from the factory. The original owner was a seasoned yachtsman and took a very long time figuring out how to design and build his perfect yacht with the help of the very talented crew at West Bay SonShip.

The current owner being a seasoned yachtsman himself instantly recognised the level of detail that went into this yacht and how well she had been maintained so he waisted no time purchasing her.

"Arcturus" has been and continues to be maintained to the highest standard, living in her fresh water boat house when she is not out cruising during the summer months, the quality of care and maintenance shows everywhere through out the yacht.

The 1,350 hp 12V2000 M90 MTU engines provide a cruise speed in the 20 knot range and can top out around 27 knots.

Other features include twin 25kW gensets, two watermakers, hydraulic bow and stern thrusters, Wesmar stabilizers, massive house battery bank, 5kW inverter, massive cockpit, bait tank, crab jail, tackle center, abundant reefer/freezer space, and many more options that you wont see on any other West Bay SonShip.

This vessel won't last long, so schedule an appointment to view this magnificent yacht you won't be disappointed.

DETAILED INFORMATION

Accommodations

"Arcturus"

"Arcturus" sleeps 6 guests in 3 staterooms each with ensuite heads, plus 2 more in the crew quarters aft with its own shower and head. The salon features a massive U-shaped sofa, coffee table, full entertainment system, wet bar, a custom glassware case on an electric lift, and abundant storage space. Moving forward and up several steps is the galley that is open to the pilothouse and backed up to a large dining settee. The guest accommodations are accessed via a curved companionway on the starboard/forward end of the pilothouse. The master is a full beam stateroom located in the mid ships section of the boat. The VIP is in the forepeak and the guest stateroom is located on the port side between the master and VIP. All three staterooms have ensuite heads, which was not common on most West Bays of this size.

The flybridge can be accessed via a stairway from the pilothouse or a companionway ladder from the aft deck. Access to the crew quarters is gained via the cockpit, and features one stateroom with over/under twin berths, and ensuite head with stall shower, and crew galley/utility area is located to the starboard that houses a very handy full sized Sub Zero refrigerator.
