Fuel Type: Diesel

DETAILED INFORMATION

Description

PANASEA is a superbly equipped and maintained Island Packet 420 in ready to cruise condition. Her owners have made essential and desirable upgrades and improvements that ensure her continued safety, comfort, performance and operation. Panasea is currently on the hard in Rock Hall. Showings or videos may be scheduled now. She will be fully commissioned for the 2021 sailing season in early spring to include:

- New Quantum Furling Mainsail (2021)
- New Cruising Spinnaker (2019)
- Newly installed Garmin electronics (2019)
- AIS (2019)
- New Windlass (2020)
- Winches serviced (2020)
- New running and standing rigging (2020)
- All essential manuals on board

Please read the full listing for all details and improvements to appreciate the extent of care, maintenance and outfitting.

Overview

About the Island Packet 420 The Master Stateroom is forward with its ensuite head at the bow. A separate shower stall is on starboard with the commode and sink across on port. The Head is well ventilated with 2 opening ports and an opening hatch. There is an access door to the anchor locker in the forward bulkhead, and the thruster motor is accessed under the shower seat. The Master Stateroom follows aft with large pullman double berth on starboard and angled away from the hull side so that you do not need to climb over your sleeping partner to get out of the berth. The foot of the berth lifts for blanket and sheet storage and has 2 additional drawers under. There is a cabinet with 5 shelves on starboard while on the port hull side there is a large hanging locker and a bureau. There are 2 opening ports plus 2 opening hatches for wonderful ventilation. The salon follows aft with facing settees and a bulkhead mounted table on starboard. With the table stored up against the bulkhead, the saloon becomes a very spacious living, relaxing and entertaining space. The settee under the table pulls out to make double berth. There is tremendous storage under & behind both settees. Still more storage above in cabinets and shelves along the hull sides. The big, hull facing Nav Station is on starboard aft of saloon with a large desk and an electric swing out chair. There is a chart holder under the desk. The

large, well designed "U" shaped Galley follows aft on starboard. There are 6 opening ports and 2 opening hatches in the Saloon/Nav/Galley area. Again, every inch is used for storage and work space. Plus you get double sinks, separate Frigoboat refrig and freezer (with temp monitors), 3-burner propane stove/oven as well as nifty dinnerware and dry storage areas. A nice custom drop-down table provides still more space for serving or stacking dirty dishes. Last but not least, there is a real pull-out full sized trash can. Across on Port from the Galley and Nav Station is the comfortable Aft Head with privacy doors to both the main saloon and the aft cabin. An opening port and hatch keep the air moving. The Companionway separates the Galley and Head. The well insulated engine area is under the companionway steps. The entire engine and drive train are very easy to get to with side doors, removable stairs/cover and easy-to-move cushions in the aft cabin. The fuel filter and fuel pump are mounted on the starboard engine compartment door for instant access. The Aft Cabin lies athwartship with a very large double berth and room to stand and dress at the entrance. A hanging locker, bureau and additional storage under the berth provides your guests with room for their gear. An opening hatch and 2 opening ports provide great ventilation as well. The Cockpit is large and comfortable for sailing, relaxing and entertaining. There are stern rail seats for a perfect view. A swim ladder that drops down to the sugar scoop swim platform makes boarding a dinghy safe and easy.

- Holding Tank Replaced (2014)
- Two Zone Reverse Cycle (16000 & 7000 BTU) Heat Pump Air Conditioners. Replaced 7000BTU unit Circuit Board '15
