DETAILED INFORMATION

37' West Bay Thomas Wright 40k Tuna/Fisherman

JULY 2021 ~ This brand new composite VACUUM-BAGGED hull layup, is nearly 40% lighter in weight than traditional fiberglass. Therefore, with 600-700hp, she'll top 40kts. Now we all know most water conditions offshore won't allow that continually, but when required, that's how this Downeast build will perform. To be constructed by West Bay Boats in Steuben Maine, she'll be ready for the fall New England tuna run. The design configuration can be varied, in addition to fuel capacity, insulated fish holds, etc. One has been built to date, and you'll be welcome to converse with the owner. That's the boat show in the pics. For detailed information, you are welcome to contact us anytime. Thank you!

Exclusions

Owner's personal belongings.
