Fuel Type: Diesel

DETAILED INFORMATION

Description

- ALL NEW RAYMARINE ELECTRONICS
- 2013 FIBERGLASS RIB with OUTBOARD on DAVITS

As the final iteration of the Ted Brewer Designed Morgan 38, the 384 is the culmination of several years perfecting this performance minded underbody, with a powerful sloop rig, and a cruiser friendly layout. These boats are known for excellent storage capacity with enough interior volume left over for comfortable living down below. This example has been lovingly maintained with an interior that begs for dining and games around the salon table. The cockpit is spacious yet safe with all electronics and controls easily at hand. With the full canvas and screen cockpit enclosure you'll be sure to enjoy many sunsets in the shade or staying warm and dry at sea when conditions are a little frothy. There is just enough exterior teak to give her a traditional feel but with updated electronics and an easily handled rig, she's a modern little yacht. This boat is about as cruise ready as you will find. She is well equipped and ready to go to the Bahamas.

Overview

Broker's Impression Depending on your needs this boat could easily take off after a little cleaning and provisioning. With new electronics, good dinghy, cockpit canvas, all systems functioning, and general cruising gear you're really only left with some little cosmetic projects. Though all the teak is fine, the bright work is toast, so a fresh varnish job would do wonders for first impressions. Equipment and Upgrades ALL NEW RAYMARINE ELECTRONICS 2017
