Description

PEREGRINA

Menorquin 120

Old-World Tradition with Sophistication and Technology

For those familiar with Menorquin Yachts, this 2003 Menorquin 120 (40'-11") is rare to the brokerage market. To those unfamiliar, this bristol yacht deserves your attention. Peregrina was built on the Spanish Island of Menorca. Current owners have equipped and maintained her to use for weekending and a home on an extended cruise. Offering luxurious and roomy accommodations, this yacht has the weight and feel of a larger vessel in a 40 foot design. The Menorquin 120 is powerful with plenty of energy and will also provide you the look and feel of a traditional yacht. She has a semi-displacement hull, full keel and twin diesel engines providing enough power for a top end of 20 knots, yet give you equally great performance at 6 to 8 knots with great fuel economy for those long trips. Her hull and deck construction is solid fiberglass built to meet or exceed CE standards. The foredeck features a padded open area for sunbathing and as a casual gathering spot when at anchor. The flybridge has a full bimini to keep you out of the sun on those hot days, so for those yearning for a nice view and plenty of air the flybridge is the place to be. With redundant controls, the captain is offered a choice of piloting from either the wheelhouse or flybridge.

Overview

VESSEL OVERVIEW Looking for a luxurious trawler type yacht but don't always want to cruise at 8 knots. You want classic lines with modern construction and equipment, then maybe you just found her. This yacht has semi-displacement hull with a full keel, twin diesel power and rudders to make her an equally great performer at 6 to 8 knots as well as when she is topped out at 20 knots. Her hull and deck construction is of solid fiberglass built to meet or exceed CE standards. This boat has been owned and maintained by knowledgeable owners. She is ready for a new home, well equipped for someone looking for a great long-term yacht with all weather comfort you have found her. **VESSEL WALK-THROUGH** As you board this beautiful yacht the first thing that you will find is a very comfortable fully covered cockpit (extended hardtop version and pullout canvas extension). There are two built in seating and storage units. In addition to the fixed seating there are two folding directors chairs and a folding wood table that can be used for

outdoor dining or moved inside and used in the wheelhouse as well. Upon entering the wheelhouse you will notice the 4 bi-fold teak and glass doors that when opened to their fullest extent will provide the owner with a 7' unobstructed entry and when closed, weather proofed wheelhouse / saloon with old world charm. To the port side is a settee that converts to a berth. Also provided is a large folding table that may be used in the cockpit as well. On the starboard side you will find an extremely well equipped helm station complete with a large seat that will provide you with a grand unobstructed view in all directions. Beneath the helm is a refrigerator convenient to the pilot house and cockpit. In addition to the doors the forward and side windows open to provide abundant ventilation. Moving forward and down a few steps you will find yourself in the galley to starboard. This area has a very open and airy feeling due to the high headroom and location to the steps and wheelhouse. Just forward of this is the dinette area with an L-shaped settee and folding table. This table lowers to form a double berth. There is storage below and behind the settee as well as both open and closed shelving to provide more than ample storage in this area. On the port side is access to the guest cabin with two large over under bunks and a large full height hanging locker with more storage beneath the lower bunk and shelf. Ventilation is provided by an opening port and air conditioning. Moving forward to the port side is a large head complete with ample storage and with Silestone countertop. This is bright and airy with an opening port for ventilation as well as air conditioning. The toilet is an all porcelain bowl electric Tecma head with holding tank and gauge. All shower and sink fixtures are high quality home-style units. Moving forward will locate you in the owner's stateroom. This cabin has a very open feeling and its central focal point is the queen sized island berth. To port and starboard you will find equal cabinetry containing his and hers hanging lockers and shelved storage. All of the hull sides are covered with solid teak planking giving the cabin that old world charm. You will find that this entire interior has been built with the extensive use of teak for cabinetry, mahogany & pine for the cabin sole throughout and with lighter touches to provide this yacht the look and feel of a custom built vessel but with all of the modern conveniences found in today's yachts.

CONSTRUCTION The Menorquin 120 has been constructed with the following:

- Solid fiberglass hull
- NEW 2019 Dark blue awlgrip painted hull
- Solid fiberglass deck
- Deck, cabin top and passageway in non-skid material
- Integrated fiberglass swim platform, acting as stabilizing fins
- Bulkheads and furniture in teak
- Interior finishings in teak
- Anodized aluminum safety glass windows and portholes
- All interior and exterior wood is varnished

INTERIOR ACCOMMODATIONS Main Salon:

- L-shaped sofa with dinette
- Storage under sofa
- Matching upholstery and curtains
- Halogen ceiling lights
- Wooden floor throughout interior, sapele wood (in mahogany family) and white pine

planking

- Automatic and manual bilge

Separate Master Stateroom:

- Large double bed
- Curtains
- Closets to port and starboard
- Adjustable wall lamps at head of bed
- Wood planking on hull sides
- Basket weave headboard
- Opening ports (4)
- Overhead opening hatch

Portside Guest Cabin:

- Bunkbeds with matching bedspreads
- Storage under bottom bunk
- Large wardrobe with shelves

Separate Head:

- With accessories (mirror, towel rack, halogen ceiling light)
- Toilet (electric with holding tank)
- Sink with hot and cold water, single mixer tap
- Shower
- Opening port

GALLEYThe Galley is well laid out with all the needed essentials to make this very usable whether preparing meals for the crew while under way on a long trip or sitting in a quiet anchorage. With the 2 refrigerators, separate freezer and lots of dry goods storage you will never run out of space for your food and beverage supplies. When it comes time to clean up the large double S.S. sinks and Silestone counter tops all help to make your life easier.

- (2) Burner ceramic top electric stove (Kenyon)
- (2) Large stainless steel sinks w/ single lever swivel faucet
- (4) Large drawers
- Large under counter storage
- Smaller well divided storage above counter with doors
- Refrigerator under galley counter
- 2nd refrigerator (located under helm seat)
- Silestone counter tops

NAVIGATION and ELECTRONIC EQUIPMENTAll electronics are Raymarine and fully integrated and located both in the wheelhouse and on the flybridge. The engine controls are state of the art single lever Volvo controls with full function from both locations including full lock

out feature.

- Raymarine E120 Hybridtouch GPS-Plotter at flybridge and helm
- Raymarine Depth-Speed
- Raymarine 7001 Autopilot
- Raymarine Radar
- Icom VHF
- Searchlight
- VHF
- Garmin GPS Plotter
- Twin Speaker sound system with AM/FM-CD-Ipod
- Sirius Radio
- Flat Screen wall mounted TV in master cabin with DVD player

ELECTRICAL and MECHANICAL EQUIPMENT 120 Volt

- (2) 30 amp services
- (2) 50' shore cords
- (2) Covered outside 30 amp breakers at the source of incoming shore power
- Electric panel 120v (paneltronics with A/B cross over)
- 50 Amp battery charger (Mastervolt)
- Mastervolt 6000 Generator (245 hours)
- 120v. recepticals (9 CFCI protected)
- Stove Top (ceramic (2) burner electric stove by Kenyon)
- Microwave (Sharp, built-in)
- Air Conditioning (2) 16,000 BTU units with reverse cycle heat

12 Volt

- Master battery disconnect switches
- Engine battery crossover switch
- Engines have 50 amp alternators
- Electric windlass (Lafrons)
- 12v. outlet
- Built in remote operated spotlight
- NEW 2018 engine batteries (2) 8D's
- NEW 2018 house batteries 8D's
- NEW 2019 bow thruster battery 4D
- NEW 2020 generator battery
- Interior lights have all been switched to LED
- Running lights have been switched to LED
- Anchor light has been switched to LED

PLUMBING

- Water heater

- Bilge pumps (2 electric)
- Toilet (1 electric Tecma)
- Holding tank (bladder)
- Fresh water pressure pump
- Shower in head compartment
- Fresh water tank
- Deck wash pump
- Cockpit shower (hot & cold)

DECK EQUIPMENT The aft deck is very deep, dry and is covered with an extended hardtop with built in lighting and pull out canvas extension. This area has (2) built in seats that provide quick easy storage for dock lines. There are (2) director's chairs and (2) director's stools to be used with the folding table. There is a beautifully made solid teak door that leads to the steps and onto the large comfortable swim platform. On the starboard side there is a folding (5) step swim ladder. Hot and cold shower can be accessed from the swim platform as well as from the cockpit. Moving forward from the cockpit you will find two large lockers beneath the walk way with the fuel fills located beneath the locker lids. This entire walk way has high bulwarks and solid stainless steel handrails that encompass the entire yacht providing you with a very safe and comfortable feeling when moving around the boat. And moving around the deck is something you will want to do as the foredeck area (approximately 88 sq. ft. is covered by thick 3" padding making it an ideal area for sun bathing and entertaining while watching the sun set (this pad has it's own sunbrella cover). Forward is an anchor platform with horizontal Lafrons windlass complete with a stainless steel Bruce style anchor and ALL Stainless Steel chain rode. Controls for the windlass can be controlled with foot controls up front or from the flybridge and wheel house. Moving aft on the port side you have access to the flybridge with ample seating for (4), full instrumentation and engine controls and a commanding view of your surroundings.

- Padded deck covers
- Pilothouse window covers
- (2) Built in seats w/ storage for dock lines
- (2) Directors chairs
- (2) Directors Stools
