SPECIFICATIONS

Overview

"Harmony" is an excellent example of a professionally maintained yacht. She has a 3 Stateroom, 3 Head layout with full beam master and walk-in closet. This is a great option for longer cruising with a spacious salon/galley and wide side decks for line handling. For a motor yacht of its size, she performs very well with a cruise at 20kts and top speeds of up to 30 knots. The reliable CAT C32 engines are turn-key and up-to-date on services. The owner is looking to move up, which makes for a great opportunity. There are few comparable motor yachts in this price range that are as well-equipped, well-maintained, and well built as "Harmony". Call anytime to schedule a showing or present an offer. Key Features: CAT C32 Engines (After Coolers Updated) Two 29KW Generators --- one NEW in 2020 Hard Top with Enclosed, Air Conditioned Flybridge 1,500lb Davit with Tender Upgraded Garmin Electronics: 8616 GPS Chart Plotter and Garmin GMR Phantom Color Radar Bow & Stern Thrusters 1400 GPD Watermaker 3 Docking Stations: Cockpit and Two on Flybridge Large Crew Quarters for up to 3

- Fresh Water Mach 5 Pump
- Dinghy Cover
- Sunbrella Shade
- New Mattress Covers, Pillows, Linens, and Soft Goods
- New Dishes, Glassware (Dinner & Cocktail), Silverware, Etc.

Walkthrough

Harmony may be entered from several locations, the fixed swim platform on a floating dock or any of the four boarding gates on her main deck via the wide walk around side decks. Starting at the extended fixed swim platform. This is a popular space for a whole host of water activities such as swimming, fishing, snorkeling, paddleboarding and accessing the tender for boarding. There are stainless hoop rails for added safety and a custom Bluewater Marine rocket launcher.

This makes for a perfect spot to troll a couple lines while underway and catch some fresh fish if desired. Centerline on the stern there is a watertight door providing access the crew quarters and engine room.

Aft Deck

There are extra-wide teak steps leading from the swim platform starboard side and they continue starboard side to access the flybridge. The spacious Aft Deck allows for great entertaining and cruising relaxation.

Full walk around side decks give you the ability to handle lines and fenders safely, as well as, easily transit to the bow or starboard side forward galley entry door.

To starboard she offers the much preferred teak steps in lieu of a ladder leading up to the bridge as well as a wet bar station to starboard. Salon entry from the aft deck is through a stainless steel trimmed, sliding glass door. Some other notable aft deck features include:

- Teak decks underfoot
- Large molded in seating with high gloss cherry wood table
- Isotherm SS Refrigerator NEW in 2020
- Portside CAT engine electronic docking controls w/ thruster controls
- Engine room and crew quarter access through centerline watertight door on the swim platform

Salon

As we enter the main salon from the aft deck through the stainless sliding glass door. Once inside, the high gloss cherry wood is both rich and luxurious and the beauty and space give a striking first impression. Her large windows provide natural bright and open feeling.

This custom Neptunus is larger in the salon as the original owner had the main salon custom built to be 18" longer than the standard layout. This may not sound like much, but 18" in a custom yacht build makes a difference. To port we find a U- shaped ultra-leather sofa with custom storage built in beneath and cherry wood end table forward. There is a custom high gloss wood coffee table in front of the sofa that also has storage beneath. In the starboard aft corner of the salon there is an entertainment center with a large updated flat screen television and storage cabinets for audio visual components beneath. Just forward on the starboard side are two swivel barrel chairs with a round table and lamp between them.

Galley and Dining Area

Walking forward from the impressive salon leads us to the full-size galley and dining area portside. Located on starboard side there is an impressive high gloss cherry wood cocktail cabinet with crystal storage and bar top. Beneath the bar top is a large wine cooler and additional storage drawers.

Opposite the cocktail cabinet is our full galley. The galley is very open with a design emphasis on social interaction. She has rich high gloss cherry wood and provides a warm and inviting feeling. Galley countertops and backsplash are the Crystal Almond Technostone featured in other areas of the yacht.

The galley sole is Botticino Classico marble tile. She is equipped with everything a shipboard gourmet would require including:

- Kitchen Aid Stainless steel 3 door refrigerator/ freezer - Kitchen Aid 4 burner ceramic cook top with SS trim
- Kitchen Aid Superba conventional Oven
- Panasonic SS microwave oven
- Meile SS dishwasher
- Double SS sink with Insinkerator garbage disposal
- Exceptional storage capabilities with (9) cabinets, (4) drawers, (2) pull out cabinets and (2) extra large deep 24" storage drawers under the dinette

Just forward of the galley we have our raised dinette area. She was custom built not to feature a lower helm and all that space is dedicated to an amazing galley and dinette area. Natural light abounds from the large forward and side windows. This social dinette is perfect for formal or informal dining and comfortably seats 8 in a large U shaped aft facing molded in seating area with two upholstered slide out stools included. The large dining table is high gloss cherry wood.

On the starboard side forward, just outboard of the dinette there is a watertight panoramic door that opens out to the walk around side deck. From here you can transit the starboard side fore or aft, go to the bow to drop anchor or enjoy the sun pad, or handle lines safely in a docking situation.

Just aft of the starboard door and across from the galley is a conveniently located DAY HEAD. By design the door to the day head does not open out to the galley. It opens out to the dinette area. The on deck day head keeps your guests from having to go downstairs to use the private heads and this incredible custom feature is rarely found on yachts of this size. Starboard side all the way forward is the stairwell leading down to the lower accommodations.

Lower Accommodations

The stairway and transition to the lower accommodations is by design, open and spacious. This stairway and lower foyer are one of the major modifications done by the knowledgeable original owner. Not only does the whole space feel wide open, it offers improved stateroom access and a more efficient layout below. At the base of the stairway to starboard is large buffet serving and storage station. There are twelve cabinets total, six high and six low. Natural light comes through two hull side portholes. A door in the companionway houses an over under washer dryer. To port is our guest stateroom with twin berths. Forward we have our VIP Stateroom with queen berth and aft we have our master stateroom with king berth. All three staterooms have en suite heads.

GUEST STATEROOM

The guest stateroom features two twin berths, attractive décor and rich high gloss cherry wood. Natural light is welcomed in through two port side portholes with shades and drapes when bright light is not welcome. Additional guest stateroom features include:

- Nightstand with 3 drawers between the two berths
- Padded headboards with mirrored panels
- Below berth storage
- (12) cherry storage cabinets on aft bulkhead above the headboards and port outboard
- Flatscreen TV
- State room climate controls
- Cedar lined hanging locker with two drawers
- En Suite guest head with China sink, Botticino Classico marble sole and countertop, Headhunter Royal flush fresh water marine toilet, cherry wood vanity

VIP STATEROOM In the forepeak of the vessel is the VIP Stateroom. She has an island queen berth with an upholstered headboard over a mirrored panel. Natural light is available through and overhead

deck hatch and one outboard porthole on each side of the vessel. Rich high gloss cherry wood and custom fabrics add to the VIP level finish. Additional VIP highlights include:

- Exceptional storage including under berth drawers and outboard cabinets
- (2) Cedar lined hanging lockers
- Flatscreen TV
- Climate controls
- Reading and rope accent lighting
- En suite head with Botticino Classico marble sole and counter tops, mirrored vanity, Royal Flush fresh water marine toilet, glass door stand up shower

MASTER STATEROOM The master stateroom on board "Harmony" is spectacular. She is a full beam stateroom and features an island king berth. Like the other berths on board and in keeping with a common theme she has an upholstered headboard affixed to a large mirrored panel. The bed is flanked by high gloss cherry wood nightstands with columns up to the ceiling and decorative custom sconce lights. On the fwd bulkhead facing the bed is a new large flatscreen TV. The drawers below house the audio-visual components. Like the rest of the vessel storage is exceptional with large bureaus both port and starboard. Natural light comes from hull side portholes. Additional master stateroom highlights include:

- Custom mirrored ceiling treatment with accent and rope lighting
- (18) storage drawers, (9) port (9) starboard
- Private climate controls
- Custom fabrics
- Cedar lined hanging locker
- Cedar lined walk in closet with full size dressing mirror
- Ship safe

Flybridge

Neptunus Hardtop with Enclosure

Access to the climate controlled flybridge is by a stairwell from the spacious aft deck of "Harmony". The stairwell is a huge upgrade over a hard to navigate and more dangerous ladder. The flybridge layout is both comfortable and social. She features an extra-large and heavy-duty braced hardtop. Her isinglass enclosure has been updated and keeps the air conditioned area cool when desired. Immediately to starboard when you come up the stairs is a buffet station and wet bar. To port is an L shaped seating area with matching table. There is dinghy storage and a hydraulic davit on the aft bridge. The helm station is centerline and on the forward bridge. There are two single pedestal STIDD captains chairs. The port helm settee for two is mounted on a storage cabinet.

Flybridge electronics include:

- Garmin 8616 Chartplotter and Radar (New 2020)
- Raymarine Chartplotter
- Autopilot (New 2018)
- CAT electronic controls and back up controls
- (2) ACR spotlights
- ICOM VHF radio
- CAT electronic gauges
- Naiad stabilizer controls
- Trim tab controls
- Fire suppression system controls
- Ice maker and refrigerator replaced in 2020
- AC Serviced in 2020

Crew Quarters

In the world of 70 foot yachts, few if any, will offer the quality crew accommodations

found aboard Harmony. On the stern you have crew access through a centerline watertight door. Located starboard you have a crew stateroom with one double berth and one single berth. Across from that you have a crew head, refrigerator, work area and storage. The area is done in high gloss cherry wood like the rest of the vessel. Crew stateroom fit and finish is top notch. Noteworthy crew areas highlights include:

- Pocket door for stateroom privacy
- Excellent storage
- Port hole for natural light
- Climate controls
- Flatscreen TV
- Wet locker storage
- Corian top desk area
- Full crew head
- Refrigerator
- Microwave

Engine Room

The Neptunus reputation for quality and professional design is evident in the engine room aboard "Harmony"; it is spacious and well-designed. There is room to service major ship systems and the superb engineering is readily apparent. Below please find a summary of her engine room equipment, highlights and service.

CAT 32

- 2019 Port and Starboard engine after coolers replaced with upgraded version
