## Galeon 305 HTS

---

The manually operated sunroof bathes the interior in natural light - perfect for all those sunny summer days. Outside, two side decks lead to the bow area with a sundeck divided by a series of skylights. Select the practical, elongated stern platform, to gain an extra 80 cm of space for activities or a small dinghy. Down below the yacht offers accommodation for four passengers, a compact galley, and a bathroom.

The saloon has an open layout where the bow rest area can be quickly transformed into a double bed, maximizing the available space during the day time. A walk-in aft cabin offers more privacy thanks to the fully sized door separating it from the main living area. As with all third-generation Galeon yachts, plenty of natural light is provided in all areas thanks to the numerous windows and skylights. A selection of diesel and petrol engines is available with both single and twin installations.
