DETAILED INFORMATION

Galeon 325 GTO

The control system allows you to dock the yacht with a joystick and an additional virtual anchor system, otherwise known as DPS. From this place you can control not only the direction of the cruise, but also the multi-colored deck lighting, underwater lights or the sound system!

The seating area in the bow is accessed from the cockpit through an opening glazed passage on the portside with a sliding roof. In the stern section, on the portside, a lowered balcony has been designed, which enlarges the space and creates an additional place to rest and play on the water.

On the lower deck are a comfortable sofa area with natural lights thanks to many windows, a luxurious sleeping space for 2 guests and a bathroom equipped with a full stand up shower.

Exclusions

Owner's personal belongings.
