Remarks

Her owners started with a 27' Ranger Tug and decided a 31' Ranger Tug would better suit their needs to make the "Great Loop" 6000 mile journey around the Eastern half of the USA from March 2014 to March 2015. POUR HOUSE performed flawlessly on the trip and now it is time for other adventures. If such a trip is on your bucket list POUR HOUSE knows the way. A very informative blog is available that documents the trip. The 31 Ranger Tug is a hugely popular model and is even trailerable as needed. POUR HOUSE is ready to go!

Exclusions

While every effort was made to list all pertinent included equipment aboard POUR HOUSE, there are some personal belongings aboard. Prospective purchasers should assume any item not specifically mentioned herein will not convey at closing.
