Overview

The one and only **Mercedes Yacht** in the market!

Silver Arrows Marine builds innovative luxury motor yachts whose distinctive design purity captures the sporting elegance of Mercedes-Benz automobiles. Working in collaboration with Mercedes-Benz Style and some of the world's foremost marine architects and suppliers, the newest Silver Arrow CABRIO is the purest distillation of the brand's signature elegant dynamism. CABRIO offers a bold and beautiful solution for those who seek an open 14m motor yacht of unique style, quality, and comfort.

The Arrow 460- Cabrio Sport inspired by AMG puts the emphasis firmly on performance. Inside and out, it emulates its four-wheeled Sport version cousins with technical materials and precision craftsmanship. Shown here finished in White Pearl, the Arrow460-Cabrio Sport combines a subtle aggression with signature elegance. In keeping with the yacht's performance focus, the standard T-top comes in its simplest form.

The White Pearl hull is matched by technical detailing and carbon-look trim elements. Hi-tech and highly contemporary materials feature for the decking and the seating for an ambience that is as much concept car as yacht. Power options range of Yanmar 550diesels to top of the range 650 MerCruiser petrol units.

The Cabrio's exceptionally lithe looks introduce a new design language as the convertible sports car of the yachting world. Its seamless hull is long and low, its surfaces smooth and contours perfectly rounded. Powerful feature lines instantly characterise the yacht as a member of the Mercedes-Benz design family. Inviting you on board is a spacious entertaining area behind a dramatically raked-back windscreen and console for the helmsman.

With its large new deck area, the Cabrio aims to provide the most comfortable and sophisticated fresh-air experience in the 14m motor yacht sector. The seating area, with space for guests, leads to steps up to a rear sundeck, all seamlessly integrated into the design.

The Cabrio replaces the accommodation for larger deck and cabin areas respectively. The Cabrio's rear deck, with its extending swim platform, doubles in size to roughly 20 square meters. As with the Granturismo, an extending "terrace by the pool" in the stern is available for those who want even more deck area for relaxing.
