SPECIFICATIONS

Overview

Sunseeker Yachts are well known for their elegant and sexy lines and this 88' model will not disappoint. This is one of the best layouts in a yacht this size we have seen. The aft deck is ideal for dining and lounging while the fly bridge is laid out like some of her larger sister ships with Wet Bar, Dining for 8-10, lounge seating, and upper helm station all covered by a sun roof opening top. The salon is large and attractive with dining for 8-10 forward to port. The modern galley is to port and the lower helm "pilot house" is equipped with all the navigation instruments needed to operate the vessel. Forward and down is the VIP Stateroom that many would call a "Master Stateroom" with walk in closets, and large en-suite head together with large port light windows. Aft and down is the full beam Master featuring a king size berth, full bath, walk in closets and large port windows with views of the sea. Forward to port and starboard are the twin cabins with en-suite heads and showers and large port windows as well. The generous two twin crew cabins are aft with access from the swim platform complete with head shower and a small galley/lounge. The yacht also features full teak decks and walk around side decks with a forward outside lounge on the bow complete with sun pads. This is a perfect layout for families, entertaining or charter (8 guests and 4 crew).
