Overview

JOIN CENTRAL AGENCY.

The first launch in the Legacy Line superyachts by Italian yacht builder Falcon Yachts was designed by Quartostile studio, with a delivery time forecasted within a year. Her sleek yacht lines are timeless and powerful, yet elegant. The 40-meter boat hull of this superyacht has been created for an active yacht owner who loves spending his time with friends and family onboard. The bow is slim but vividly benefits from the yacht hull's lines in the external design. The stem section of the luxury motor yacht is reminiscent of a torpedo and can open completely, converting into a huge beach club to allow guests full access to the sea.
