# DETAILED INFORMATION

---

## Description

---

New to the market and a very rare offering, Tellstar will provide her new owner the perfect balance between making money and being an exceptional yacht to enjoy with family and friends. She has been meticulously maintained by 4 professional full time crew and if chartered, she will be able to provide significant cash flow. Tellstar was built with every desirable option and has additional custom features that enhance her ability to entertain in grand style. She boasts 4 staterooms plus 3 crew cabins. The master stateroom is very well appointed featuring a large walk-in closet, large head with walk-in shower, full size desk and settee for relaxing. The remaining 3 staterooms are very well designed and each has a private head. Guests will gravitate to the fly bridge, which is a perfect gathering spot. The large lounging sun pad can accommodate 8 guests and has been a favourite retreat for family and friends for conversation, reading, and taking a midday nap. This commanding fly bridge is also outfitted with dual helm stations and an expanding dinner table for 10. The custom retracting Bimini is the first of its kind installed by the Lagoon factory in France. There is no better place for dinner under the stars. The 36' beam is a real stand out on this yacht. The interior salon and exterior areas on Tellstar provide the spaciousness of a motor yacht twice her size. Forward of the salon is an outdoor seating area with seating for 6 which opens up onto the front deck. The salon has a large living room atmosphere with built-in couches on each side. This is where movie night happens using the Ultra High Definition TV that comes out of the ceiling with a press of a button. Coffee tables in front of the couches double as dining tables that together can seat 20 for dinner or lunch. Aft of the salon is another large sitting area with a dining area for 10 and plenty of other seating areas for large groups. Lagoon 77's are the flagship of the lagoon fleet as evidenced by the up to 2 year wait for a new one. Now is the time to take advantage of the bonus depreciation for U.S. buyers. With its outstanding charter income this is a very easy boat to own.

## Options

---
