Fuel Type: Gas/Petrol

DETAILED INFORMATION

Vessel Details

Manufacturer Provided Description The Baja 420 is 42-feet, 6-inches long with a 9-foot, 3-inch beam. Streamline and quick, the 420 features three MerCruiser engines. BAJA BOATS: For over 25 years Baja Marine Corporation has been building performance boats. The official pace boat for the American Power Boat Association, they feature hand-laid deep-V hulls, Clarion Marine Sound Systems, and full instrumentation with custom Baja gauges and ergonomic Dino dashes. Baja uses MerCruiser engines exclusively for performance and dependability. Custom high-quality molds are prepared to receive Baja hulls. Exact glass-to-resin ratios of high-tech knit laminates, hand-rolled for uniformity, are maintained during lay-up to ensure consistent hull strength. Baltek balsa and an interlocking grid stringer system ensure ruggedness. Stringers are encased in layers of fiberglass and resin, then glassed in place the length of the hull for uniform stiffness. A protective barrier of vinylester resin is covered by advanced gelcoats. Ergonomically designed seats are built by hand using rotocast plastic bases, mildew-resistant foam padding, and 32-ounce marine-grade vinyl. Interiors are carpeted with 20 or 40-ounce marine-grade carpet for wear-resistance and comfort. All cabinetry is custom made by Baja's carpenters. Only corrosion-free stainless steel hardware is used for beauty and long life. Cleats are reinforced with aluminum backing plates.

Accommodations Number of single berths: 4 Number of heads: 1 Seating Capacity: 9 Electrical Equipment Shore power inlet Generator Additional Equipment Road trailer Covers Bimini Top

Exclusions

Owner's personal belongings.
