SPECIFICATIONS

Overview

As with all the Maverick models, the 36 Walkaround was designed to fish hard. Large live baits are easily accessible in a set of transom-mounted tuna tubes beneath a fitted hatch that eliminates splashes and rattling while underway, while an in-deck livewell has room for smaller baits. The boat's teak covering boards and deck mirror the look of much larger yachts. Where most boatbuilders would go with nonskid fiberglass, the Maverick's teak deck provides softer footing, better traction and it also doesn't reflect the sun's glare. A solid mahogany toe rail and trim further accent the 36's understated beauty and classic game-boat lines.

The highlight of the boat's layout is the deep walkaround. With the single-spreader outriggers mounted high on the tower, the 36 Walkaround has an amazing amount of unobstructed fishing room that extends all the way to the bow. This boat will easily accommodate a variety of fishing styles, whether you need to fight a blue marlin all the way around the boat, deep-jig for yellowfin tuna or spread out the kites for a sailfish drift.
