SPECIFICATIONS

Overview

RIB 8 and RIB 9 fit a 12l fuel tank. RIB10-12 fit a 24l fuel tank in the bow locker. RIB LITE are weight optimized without bow locker or flat double flooring.

As optional equipment there are steering consoles and double seating (starting from RIB10 and only for DL). You can also choose from a variety of sunroofs, bilge pumps, cushions and many more things. Please ask your ZAR mini™ dealer. He can serve you best.

The ZAR mini™ RIB line can easily pull water toys and tubes with the two installed D-rings on the transom.

Every ZAR mini™ has 3 lifting Davit lifting points. One in the bow and two at the transom. If your ZAR mini™ has a bow locker (DL version), you will have four lifting points.

Due to the very light aluminum hull it can go very fast and plan easily with a smaller engine. The hull will not face any problems like a fiberglass hull. It will also last longer and not become heavier during use. The hull are made of special aluminum and powder coated to resist corrosion and saltwater. You will have a lot of fun with your ZAR mini™ RIB.
