DETAILED INFORMATION

Description

New Sanlorenzo SD96 motor yacht for sale available from 2021. SD96 is built on three decks, but thanks to the carefully studied proportions and the great balance achieved between design and volume, it is not only exceptionally elegant, but also exactly as light and manageable as a two-deck yacht. In a balance between severity and irony, between an industrial and artisan approach, different styles and furnishings make SD96's interiors warm and welcoming yet with a modern sophisticated, elegant overall look, meaning we can enjoy these spaces as a symbol of both past and present.
