

HATATY — WESTPORT

Builder: WESTPORT

Year Built: 2010

Model: Motor Yacht

Price: PRICE ON APPLICATION

Location: Greece

LOA: 111' 8" (34.04m)

Beam: 23' 5" (7.14m)

Max Draft: 5' 6" (1.68m)

Cruise Speed: 12 Kts. (14 MPH)

Max Speed: 24 Kts. (28 MPH)

Our experienced yacht broker, Andrey Shestakov, will help you choose and buy a yacht that best suits your needs **HATATY — WESTPORT** from **our catalogue**. Presently, at **Shestakov Yacht Sales Inc.**, we have a wide variety of yachts available on **our sale's list**. We also work in close contact with all the big **yacht manufacturers** from all over the world.

If you would like to buy a yacht **HATATY — WESTPORT** or would like help answering any questions concerning purchasing, selling or chartering a yacht, please call **+1(954)274-4435**

Overview

PRELIMINARY LISTING – UPDATED PHOTOGRAPHY AND DETAILS TO FOLLOW
Introducing HATATY, built and delivered by Westport Yachts in 2010, this original owner yacht featuring an on-deck master stateroom layout is sure to impress. Flexible split berth cabin configuration allows for up to 3 king-sized berths, 1 queen, 2 twin bunks providing ultimate flexibility for family, friends, or charter guests. HATATY is primed to cruise the Mediterranean and beyond this summer.

Basic Information

Category: Motor Yacht

Model Year: 2010

Year Built: 2010

Country: Greece

Dimensions

LOA: 111' 8" (34.04m)

LWL: 98' 8" (30.07m)

Beam: 23' 5" (7.14m)

Max Draft: 5' 6" (1.68m)

MFG Length: 112' 0" (34.14m)

Speed, Capacities and Weight

Cruise Speed: 12 Kts. (14 MPH)

Cruise Speed Range: 2500

Max Speed: 24 Kts. (28 MPH)

Displacement: 258000 Pounds

Water Capacity: 1000 Gallons

Holding Tank: 600 Gallons

Fuel Capacity: 5500 Gallons

Accommodations

Total Cabins: 5

Total Berths: 8

Sleeps: 10

Total Heads: 6

Crew Cabin: 2

Crew Berths: 4

Crew Sleeps: 4

Crew Heads: 2

Hull and Deck Information

Hull Material: Fiberglass

Engine Information

Engines: 2

Manufacturer: MTU

Model: 16V2000

Fuel Type: Diesel

DETAILED INFORMATION

Aft Deck

- Bar area includes GE refrigerator, stone top, sink with hot and cold water, ice bin, bar storage and a barware cabinet in portside bulwark
- Molded-in settee with cushions
- One high gloss Teak dining/cocktail table on stainless pedestals with electric high/low features
- Six dining chairs
- Three Teak bar stools
- Spiral staircase to Crew Quarters with a weather tight door
- Spiral staircase to Boat Deck
- TV 42" Outdoor LCD
- Satellite Receiver
- 2 pairs of speakers
- Crestron 2 Way Touch Panel Control

Salon

- Raised buffets port and starboard with stone and crescent edge
- Outboard cabinets have Crotch Mahogany veneer and Sapele with high gloss finish tops
- Sofa and love seat placed in "L" configuration
- Three side chairs
- Three seat sofa to starboard
- Cocktail table
- End tables to port
- Game table with two chairs to starboard
- Bar area includes walk-up bar with combo refrigerator/ice maker (replaced 2020), Mirror polished stainless round sink with chrome faucet, and storage
- Bar top features Anigre veneer top with high gloss Maple edge, and inlaid stone behind doors
- Perimeter soffit with crown molding and rope light
- Domed overhead ceiling feature (oval) over the dining area, with dining pendant and overhead ceiling feature is in the Salon Dining area
- Veneered dining table top and base with glass inserts and 8 chairs
- Two mirrored Lucite storage cases, one case holds formal china, and one holds formal crystal for wine, water, and champagne glasses
- Storage for CD's, videotapes and DVDs
- Vinyl headliner
- Polished stainless steel sliding door with weather tight seal, and direct bonded

glass

- TV 47" LCD
- Surround sound receiver
- Surround sound speaker system w/ powered sub
- Satellite receiver
- Blu Ray DVD/CD payer
- Crestron 2 Way Touch Panel Control

Galley

- Amtico commercial vinyl flooring in a hardwood pattern
- Perimeter soffit with crown molding and rope lights
- Maple Hardwood and figured Anigre cabinetry
- Stone countertops with crescent edge
- Fashion Tech blinds and shades use Somfy motors with RTS control
- Stainless Kohler extra deep sink and Altmans soap dispenser
- Altmans faucet
- SubZero 48" refrigerator/freezer
- Dacor 5 Burner Touch cook top with pan holders
- Dacor 30" Convection oven
- GE microwave/vent hood
- Broan trash compactor
- Insinkerator hot water dispenser ASKO dishwasher
- TV 22" LCD
- Satellite Receiver
- 1 pair of speakers
- Crestron 2 Way Touch Panel Control

Pantry

- Walk-in pantry located off of Port Companionway
- Storage
- Miele Stackable washer and dryer
- Subzero Under counter refrigerator
- Subzero Under counter freezer

Main Deck Foyer

- Marble tile in port and starboard companionways and aft Salon entry
- Maple console cabinet with stone top
- Overhead recessed lights

Day Head

- Headhunter Royal Flush Hydro Vac toilet
- Mirrored overhead vanity light
- Marble vanity top with black Kohler Caxton under mount sink
- Altmans faucet & accessories
- Altmans' hand-held bidet sprayer
- Ceiling light fixture
- Marble tile flooring and marble wainscoting

Master Stateroom

- King (76" x 80") berth with upholstered headboard, and the bunk rail lifts up on gas springs to storage below
- The pedestal has two raised panel drawers built in
- Berth flat extends from the pedestal to create a recess for under mount rope lighting
- Recessed Halogen room lights
- Two reading lights
- Indirect rope accent lighting under berth and above soffits
- Bronze mirrors on bulkhead above headboard
- Clear mirror on inside wardrobe door
- Figured Anigre countertop and Maple edge with high gloss finish
- Roman shade and blinds
- Maple trim
- Soffit with Maple trim for lighting
- Two nightstands
- One 15-drawer dresser
- TV 47" LCD
- Kaleidescape Player
- Blu Ray DVD/CD player
- Surround Sound Receiver
- Surround Sound Speaker System w/ powered sub
- Satellite Receiver
- Crestron 2 Way Touch Panel Control

Master Stateroom Head

- Large marble shower with Altmans fixtures, Euro-style frameless tempered glass doors and chrome latches
- Marble counters with crescent edge
- Two Kohler Vintage sinks with Altmans' fixtures

- Two mirrored medicine cabinets with lighted makeup mirrors above each vanity
- Majilite headliner
- Recessed Halogen room lights and vanity lights
- Stone flooring
- Full-width vanities, port and starboard
- Linen lockers
- Medicine cabinets, port and starboard
- Headhunter Royal Flush Hydro Vac toilet
- Kohler bidet with Altmans' fixtures
- Walk-in wardrobe, lined with aromatic cedar, automatic light, closet rod and cedar shelf with keeper
- Digital safe in walk-in wardrobe

Starboard VIP Stateroom

- Queen berth, upholstered headboard, and the bunk rail lifts up on gas springs to storage below
- Berth flat extends from the pedestal to create a recess for under mount rope lighting
- Recessed Halogen room and reading lights
- Indirect rope accent lighting is under the berth and above soffit
- Special lighting outboard at hull side behind roman blinds
- Clear full-length mirror on wardrobe doors
- Walk-in wardrobes, lined with aromatic cedar, automatic light, closet rod and cedar shelf with keeper
- Access to mechanical space under stairs is in the aft of the Port closet
- Figured Anigre countertop and Maple edge with high gloss finish
- Maple trim
- Soffit for lighting
- Two nightstands with drawer
- Vanity/desk
- Entertainment center
- Dresser
- Digital safe in Starboard Wardrobe
- Watertight Westport hatch between VIP Head and Master Stateroom head wardrobe
- Opening portlights with privacy covers
- TV 32" LCD
- Satellite Receiver
- Blu Ray DVD/CD Player
- Crestron 2 Way Touch Panel Control

Starboard VIP Stateroom Head

- Marble shower with Altmans fixtures, Euro-style frameless tempered glass doors and chrome latches
- Stone counter with crescent edge
- Two Kohler Vintage sinks with Altmans' fixtures
- Mirrored medicine cabinet
- Fixed mirrors on forward bulkead
- Recessed Halogen room lights and vanity lighting
- Stone flooring
- A-look mirror headliner with Bosley molding and Majilite trim
- Clothes hamper
- Vanity
- Medicine cabinet
- Linen cabinet
- Console storage cabinet
- Headhunter Royal Flush Hydro Vac toilet
- Kohler bidet with Altmans' fixtures

Guest Foyer

- Bronze overhead mirror with Maple trim
- Maple cabinet with stone top
- Marble tile flooring
- Overhead lighting

Port Guest Stateroom

- Twin berths and upholstered headboard
- The pedestal has two drawers built in
- Berth flat extends from the pedestal to create a recess for under mount rope lighting
- The inboard berth is movable
- Recessed Halogen room lights
- Two reading lights
- Indirect rope accent lighting under berth and above soffits
- Bronze mirrors on aft bulkhead above headboard
- Clear full-length mirror on outside wardrobe door
- Lined wardrobe with aromatic cedar, automatic light, closet rod and cedar shelf with keeper
- Figured Anigre countertop and Maple edge with high gloss finish
- Roman shade and blind

- Opening portlights with privacy covers
- Maple trim
- Soffit with Maple trim for lighting
- One three-drawer moveable nightstand
- Entertainment center with doors and 5-drawer dresser below
- TV 26" LCD
- Satellite Receiver
- Blu Ray DVD/CD Player
- 1 pair of speakers
- Crestron 2 Way Touch Panel Control

Port Guest Stateroom Head

- Headhunter Royal Flush Hydro Vac toilet
- The shower is molded fiberglass with Altmans fixtures and Euro-style frameless tempered glass doors with chrome hardware
- The shower includes a sealed light
- Kohler Vintage sink with Altmans fixtures
- Wall mirror above vanity
- Recessed Halogen room lights
- Vanity lighting
- Stone flooring
- Vanity
- Medicine cabinet

Starboard Guest Stateroom

- Twin berths and upholstered headboard
- The pedestal has two drawers built in
- Berth flat extends from the pedestal to create a recess for under mount rope lighting
- The inboard berth is movable
- Recessed Halogen room lights
- Two reading lights
- Indirect rope accent lighting under berth and above soffits
- Bronze mirrors on aft bulkhead above headboard
- Clear full-length mirror on outside wardrobe door
- Aromatic cedar-lined wardrobe with automatic light, closet rod and cedar shelf with keeper
- Figured Anigre countertop and Maple edge with high gloss finish
- Roman shade and blind
- Opening portlights with privacy cover

- Maple trim
- Soffit with Maple trim for lighting
- One three-drawer movable nightstand
- Entertainment center with doors and 5-drawer dresser below
- TV 26" LCD
- Satellite Receiver
- Blu Ray DVD/CD Player
- 1 pair of speakers
- Crestron 2 Way Touch Panel Control

Starboard Guest Stateroom Head

- Headhunter Royal Flush Hydro Vac toilet
- The shower is molded fiberglass with Altmans fixtures and Euro-style frameless tempered glass doors with chrome hardware
- The shower includes a sealed light
- Kohler Vintage sink with Altmans fixtures
- Wall mirror above vanity
- Recessed Halogen room lights
- Vanity lighting
- Stone flooring
- Marble counters with crescent edge
- Vanity
- Medicine cabinet

Captains Quarters

- Captain's full-size berth with drawer storage below
- 110V AC recessed room lights and 24V DC reading lights
- Clear full-length mirror on the inside of the wardrobe doors
- Aromatic cedar-lined wardrobe with automatic light, double doors, closet rod and cedar shelf with keeper
- Safe in Captain's berth
- Captain's desk
- Captain's dresser
- Maple trim with solid surface counters and crescent edges
- TV 32" LCD
- Satellite Receiver
- 1 pair of speakers
- Handheld Crestron Remote

Crew Quarters

- Three twin berths with Mariner Deluxe mattresses and drawer storage below
- 110V AC recessed room lights and 24V DC reading lights
- Clear full-length mirror on the inside of the wardrobe doors
- Aromatic cedar-lined wardrobe with automatic light, double doors, closet rod and cedar shelf with keeper
- Maple trim with solid surface counters and crescent edges
- TVs; 22" LCD
- DVD/CD player
- Handheld Crestron Remote
- Satellite Receiver

Crew Lounge

- Upholstered settee with fixed table
- Crew Lounge entertainment center
- Crew Lounge/Galley upper and lower cabinets
- TV 22" LCD
- Satellite Receiver
- DVD/CD Player
- 1 pair of speakers
- Crestron 2 Way Touch Panel Control
- SubZero refrigerator
- Sharp microwave
- Miele washer/dryer

Captains and Crew Heads

- Custom-molded fiberglass shower with tempered glass doors and Altmans fixtures
- Sealed shower light
- Mirror on medicine cabinet
- Low-voltage recessed room lights and vanity lighting
- Amtico commercial vinyl flooring in a hardwood pattern including vinyl base molding
- Solid surface counters with crescent edge
- Kohler Bolero sink with Altmans fixtures

Pilothouse

- Wooden 24" Destroyer type helm wheel
- MTU Integrated Engine Control Head
- DDC/TU engine instrumentation
- Stain resistant carpeting
- Majilite bulkheads
- Makilite headliner
- Black leather console with leather dash hoods
- Chart drawers adjacent to console
- Settee
- Figured Anigre settee table with Maple edge and high gloss finish and stainless steel grab rail
- Three King heater/defrosters on Pilothouse console
- Exalto windshield wipers with electronic control panel with synchronization and washers for three wipers
- Crown Mariner helm chair
- Figured Anigre desk and Maple edge with high gloss finish and stool
- Sliding hatch to flybridge
- Leather counter
- Bronze mirror on aft bulkhead
- Built-in bookcase
- HVAC with linear slot diffusers in soffit and overhead
- Mesh sun screen cover
- 6" Weems & Plath clock/barometer
- Computer with wall mounted monitor located at Nav station in Pilothouse
- 1 pair of speakers
- Crestron 2 Way Touch Panel Control
- Whole Boat Audio Signal

Flybridge

- Steering controls on centered console
- Flip-up steering units on port and starboard of Flybridge Console
- One 24" stainless steel, Destroyer type helm wheel
- Two Crown Mariner helm chairs with footrests
- Composite construction covering Flybridge Deck with newer teak decks installed
- 24v overhead deck lighting
- Hard top includes Misting System
- Welded aluminum and composite mast with electronics, anchor light
- Kahlenberg T2-figure 372 air horn with ½" air strainer
- Custom ¼" venturi in stainless frame
- Two fixed oval high gloss Teak tables
- Molded settee with cushions and hinged seating for storage below
- Upper bar top is high gloss Teak and the lower bar surface is stone with stainless

steel sink with ice bin, and four fixed bar stools

- BBQ area has stone top
- Refrigerator
- Flybridge grill
- 2 pairs of speakers
- Handheld Waterproof Crestron Remote

Boat Deck

- Hydraulic powered crane davit features 359 degrees of rotation, wireless proportional control, and a 2,500 lb load capacity
- Removable chocks for tender and two jet skis
- Stainless rails with mid rail around boat deck
- Molded-in spa with sun pad top and storage below
- Sun lounge with cushions and covers
- Stern flagstaff

Foredeck

- Sun lounge with cushions and covers and storage below
- Molded settee with cushion and cover
- Locker with 110v outlet inside with lights and storage

Swim Platform

- New style Westport 112 transom/swim platform
- Teak over composite deck
- Hose bibs for wash downs
- Two pop-up cleats at the guard
- Gasoline fueling station
- Sockets for swim ladder
- Stainless folding handle swim ladder
- Steps to aft deck located port and starboard with Teak covered steps and stainless handrails
- Two capstans Maxwell 3500# 24V DC
- One mooring bit to port
- One mooring bit to starboard
- Pacific Coast Marine watertight door to utility room
- ½" polished stainless hand rails
- 2" polished stainless, removable staple rails
- Four underwater lights across the stern

Engine Room

- Bright white paint
- One storage cabinet on aft port bulkhead above workbench, one storage base cabinet on aft starboard wall, and two storage cabinets on forward bulkhead one port and one starboard
- Removable plywood floorboards with black tile vinyl floor covering
- Stainless steel work bench with 4" vise
- Pacific Coast Marine watertight door
- Engine Room has a FM200 fire suppression system with manual/automatic controls; also, additional fire suppression is located on the electrical distribution panel

Sound Attenuation

- Westport utilizes a 'whole sound reduction' plan, incorporating installation details and insulation schedules that maximize noise/vibration reduction
- Engine Room: The sound package consists of barriers and absorptive insulation in addition to vibration/isolation mounting of equipment, piping and wiring that may transmit noise and noise attenuating/watertight door
- Sound Down absorptive insulation
- Various insulation mounts
- Accommodation Sound Dampening: Noise transmission between spaces in the accommodation areas is via sound 'tight' construction, acoustic fill in double wall bulkheads, and isolation mounting of equipment and piping that may transmit vibration
- Whisper Walls 3M Thinsulate acoustic fill
- Sylomer insulation material

Systems

Diesel Fuel System:

- Approximately 5,500 gallons (US) of diesel in one tank separated into three compartments with a transfer system including a pump, meter and distribution manifold. All diesel consumers draw from the center compartment (Day Tank). During normal operations fuel is transferred to the day tank via the transfer pump. Fueling process is via either of two deck fill locations amidships, port or starboard side. Tank is vented to atmosphere on both sides of the vessel. Tank level monitoring is via electronic sensor and display with high/low level alarms. Tank is all aluminum, welded construction with internal baffles and three divided areas
- Fuel transfer pump will have a flow meter and timer

- One dual Sea Pro 8 fuel filter with isolation valve for each main
- One Dual Racor 75/500 fuel filter for each generator
- Fuel gauge sight tubes located in Engine Room and IntelliSea monitoring
- ¾" 5086 alloy aluminum separated tank with dual fills and standard vents, IntelliSea monitoring and sight tube level indicators

Gasoline Fuel System:

- The gasoline system consists of a tank, an air diaphragm pump, and hose with nozzle to transfer the gas. The hose, nozzle and pump, along with the tank fill are located under the hatch centered on the Swim Step deck
- Aluminum 100 gallon tank
- Air diaphragm pump

Lube Oil System:

- The vessels main engines and generators can be serviced utilizing and onboard lube oil change system. A new oil tank and a used oil tank are fitted in the Engine Room. The new oil tank can be filled via a 1 ½" deck fitting amidships on the starboard side. The quick connect hose and portable pump are used to transfer lube oil to/from locations
- Located in the Engine Room bilge area
- Lube Oil Tank New: Aluminum, 60 gallon
- Lube Oil Tank Used: Aluminum, 60 gallon
- Portable and stowed pump below the starboard generator
- Stainless quick connects fittings

Stabilization System:

- Stabilization while underway is provided by a pair of fins located approximately amidships and powered hydraulically by an engine driven hydraulic pump. Control is by modern digital system located in the Pilothouse
- Naiad Model#353 with 12 sq. ft. fins, single station control, with oil level warning, unloading valve kits and dual pumps with gauge kits

Air Conditioning System:

- The interior of the vessel is kept at a constant temperature through the use of a seawater cooled reverse cycle, treated water HVAC system. The capacity is 24 tons and is distributed throughout the vessel via individual room air handlers of various sizes and BTU ratings. There is one keypad for the two air handlers in the Master Stateroom and two for the four air handlers that serve the Salon; all other air handlers are each controlled by a separate keypad
- Salon, Galley, dining area, Pilothouse and all staterooms are air-conditioned.
- Master Stateroom, Salon, Galley, Pilothouse, and Guest Staterooms have linear diffusers for even temperature control

- Master & Guest Staterooms have chill chaser units
- Eight exhaust fans, two in the VIP head and one in the other heads
- 4 compressors and heating pump, independent seawater intake
- 230V-1PH-60Hz, 24 ton chiller
- 230V-1PH-60Hz, various BTU as required by volume being treated, utilizing variable speed hi static DC blowers
- Make up air for cycling air through the vessel interior

Bilge System:

- System consists of 5 remote-mounted bilge float switches and IntelliSea alarms on all float switches
- Fixed bilge pump system includes two electric 230 VAC pumps with 1 ½" PVC lines to each major compartment with check valves, strainers, and priming system

Freshwater System:

- The system is comprised of multiple divided and baffled fresh water tanks, two AC supply pumps, suction supply, service and distribution manifolds, two reverse osmosis watermakers, and associated valves, filters, expansion tanks, regulators and gauges
- Freshwater wash downs with quick connects are located on all decks
- Two 220 VAC pumps and one 24 VDC backup pressure pump with tank
- Water tanks are aluminum with interior epoxy coating and an approximate tank capacity of 1,000 gallons. IntelliSea monitoring system and sight tube level indicators
- Two Sea Recovery SRC AWC 1400-2 watermakers (2,800 gallons per day total)
- 5 micron sediment water filters with UV sterilization light
- 2 Dual element, fast recovery water heaters, one 80 gallon and one 38 gallon

Waste Water System

- Black and Gray water is routed to an FRP Tank
- A certified Marine Sanitation Device (MSD) is installed for treatment of all wastewater Tank level monitoring is via electronic sensor and display with level alarms and all tanks are vented at the boot stripe
- Discharge is via MSD or direct overboard via diaphragm pump
- Dockside connection is located just aft of the starboard fuel fill
- High capacity pumps solids handling AC diaphragm type
- Headhunter MSD treatment with PLC touch screen and Auto-Clor treats black and gray water
- Tank is composite with an inspection hatch
- Tank is electronically monitored and has an approximate capacity of 600 gallons
- Two approximately 15 gallon gray water boxes fitted with screens; also, supply and discharge lines for all showers

- Forward & aft sump tank will have sump pumps and 24 VDC backup pumps

Compressed Air System

- The vessel has a compressed air system for powering the ship's whistle and gasoline dispensing pump, as well as for use the machinery spaces for air powered tools
- Compressed air lines run to the Bow and the Swim Step
- SpeedAire 3 hp compressor with 20 gallon tank
- 18' self coiling air hose with quick-disconnect

Mooring and Anchoring

- Dual Poole style 300 lb. polished stainless steel anchors with polished stainless steel anchor plates
- One 250', one 350' x 5/8" chain for two anchors
- 5/8" chain rollers, stoppers, and devil's claws
- Two VWC 4500# Maxwell, hydraulic winches with band brakes
- Anchor chain wash-down system
- Two Maxwell 3500# 24 VDC capstans located on stern
- 8 1'-7" stainless steel bits
- Stainless hawse eyes forward, 2 stainless steel hawse eyes at swim grid, plus 2 additional cleats at stern for shore boat tie-off
- 8 fender cleats (4 per side) with stainless steel rub rail
- 4 fender hangers
- Custom carbon fiber side boarding ladder

Main Machinery

- Two MTU/DDC 16V2000 engines, rated at 2000 hp, four-station MDEC controls, integrated station selection and shifter control, MDEC synchronizer and underwater exhaust
- Engine Hours (June 2021): Port - 2,189, Starboard - 2,187
- Two 65KW 1800 rpm Northern Lights with compound mounts, sound shields, InSep (internal water/exhaust separation/mufflers). Water temperature, oil pressure and hour meters are installed on main distribution panel in Crew Quarters. Both generators have remote start/stop in Pilothouse. PTO and hydraulic pump installed on both generators for full redundancy
- Generator Hours (June 2021): Port - 6,653, Starboard - 7,222
- American Bow Thruster 16"-40HP hydraulic single prop with four-station controls
- Cast urethane foil-shape rudders with stainless stocks; 7.6 square feet
- Rudder Bearings/Seals: fiberglass sleeves with PYI bearings, dripless seals, and spare seals in carrier

- 48" Michigan Nibral 5-blade custom wheels propellers
- Four-inch Aquamet 22-H.S shafts
- Shaft logs to be one-piece fiberglass construction with PYI dripless packing gland with water crossover from engines. Shaft log bonded into hull
- Cast bronze struts of Vee design
- Jastram power steering with dual engine-driven pumps and four steering stations: Pilothouse, Flybridge, and Port & Starboard wing stations on Flybridge. Stations include indicator, start/stop buttons, and covers
- All bronze thru-hulls bonded with #8 or heavier wire and connected to transom zincs and shaft wipers
- Zinc anodes are installed on hull at transom and secured on stainless steel studs and tied to the bonding system. Included are shaft and strut zincs

Electrical Systems

- All AGM type batteries. Two banks of two 8-D, 225-amp batteries, wired in series for starting main engines (total of four) and two 8-D, 225-amp batteries, one for each generator starting. One 24 VDC battery bank is for ship's service and one 12 VDC 2 8-D 225-amp battery bank is for electronics and other 12 VDC loads. All batteries replaced 2019
- Chargers include one 70-amp 12VDC for electronics, one 95-amp 24 VDC for ship's service bank, one 40-amp 24 VDC for main engine bank and one 40-amp 12 VDC for generator bank
- Three 12 VDC red chart lights: one at navigator's area, one at captain's desk, and one at dash flat over stairs to main deck
- Distribution panels have engraved faceplates. Main panel located in crew area. Designed to be functional with all necessary circuit breakers and transfer switches and, to provide proper operation of AC and DC circuits
- Exterior lighting on the Fore Deck, House sides, Aft Deck stair and Flybridge overhead lights are all controlled from the Pilothouse switch bank
- The Aft Deck Lights are switched locally
- Lighting protection with hull Dyna plate and lightning antenna
- All staterooms have 110V reading lights and 110V receptacles for table lamps
- Halogen recessed light fixtures
- 24 VDC and 110 VAC rope lighting
- One Carlisle Finch 200 Watt Xenon located on mast with dual controls
- Two 100 amp - 240V single phase/208V three phase shore feeds with Glendinning Cablemaster cord reels at port bustle
- TV and phone outlet located at port bustle with one 100' TV/phone cord
- Two ASEA 36Kva 60 Hz, single or three-phase input service with a 40-70 Hz frequency and a voltage between 170-520V AC, the converter will autoconfigure for the applied power form
- One 10Kva 60 Hz frequency conditioner for audio/video power & backup power

supply

- One ASEA 10Kva 50 Hz frequency converter for dedicated 50 Hz outlets
- 24V shower lights with white trim
- Vimar and Leviton receptacle and switching throughout
- Perko navigation lights
- Crestron lighting controls with switched and dimmed Crestron automation

Navigation Equipment

- TransasNavisailor NS3000 ECS with 19" LCD display
- Two Furuno FAR-2117 X-Band Radars with 19" LCD display and repeater on Flybridge
- Furuno FCV1200BB-P with 15" LCD monitor
- Furuno GP-150D in Pilothouse and Flybridge
- B & G with H3000 full function display
- One Ritchie Globe Master F-600 in Pilothouse, one B&G display on Flybridge
- Furuno RD30 Digital Display Depth Sounder with Smart Sensor, Located in Captain's Quarters
- Simrad AP50 autopilot in Pilothouse and on Flybridge

Communication Equipment

- VHF two Icom M604 VHF radios in Pilothouse and one command microphone on Flybridge
- SSB Icom M802 w/ automatic antenna tuner
- Intellian i9 Satellite TV Antenna (New 2021)
- Northern Airborne Technology NA-S1520
- Two hailer horns, integrated with VHF radios
- Telular cellular phone system
- Fleet Broadband FB250
- Internet connectivity thru the satellite telephone with a broadband router attached and two wireless remote access points (one forward and one aft) for remote connection throughout the boat
- X-M Satellite Weather running on ships computer with OCENS WeatherNet and GRIB Explorer weather monitoring software connected via FB 250 Satcom
- 14 station digital phone system. All stations have speaker phones for intercom and paging. Phone system is connected to Satcom, Cell Phone and Shore Phone for voice lines throughout.
