---

## Layout

---

Able to host six guests on her three en-suite cabins. These include the contemporary full beam master with a raised bed and full en suite, a double and a twin. Her interior styling is contemporary, yet timeless, and makes use of beautiful woods, marbles and splashes of color in the upholstery.

For a yacht of her size she offers an impressive range of interior spaces. These include the light bright main salon with large u-shaped sofas and coffee tables that span either side of the salon to both port and starboard. Down a level on the lower deck is a second lounge and coffee table space, with a television and entertainment system plus a distinct office area. Also positioned on the lower deck is the modern galley, which is spacious and equipped with all possible amenities.

Outside, she is a very social yacht with audio visual equipment in all main spaces and large decks with plenty of room for soaking up the sunshine. Vast sun pads are positioned on the forward and aft deck, with the aft sunpads easily converting into an al fresco dining table with settee seating. Twin staircases lead from the aft deck down to the swim platform and beach club, which is an inviting base for water sports and swimming.

---
