## Overview

---

The Oceanis 30.1 is easy to sail, yet lively to helm and promises new experiences and thrills. This robust, little smart cruiser is small enough to trail, opening up endless possibilities for lake and river sailing, as well as coastal sailing and high sea adventures.

With a stemhead, hard-chine hull, and well-proportioned sides and coachroof, the Oceanis 30.1 looks unashamedly like a small yacht. The Finot-Conq plan has met the double challenge of power and simple navigation. With her slender bow, optimized weight, and square-top mainsail, she performs well in all points of sail. For beginners or for short-handed sailing, the self-tacking jib and the single winch make her easy to handle. For performance, the Oceanis 30.1 has a large overlapping genoa, a furling code zero and an asymmetric spinnaker. Aft, a step affords access to the sea and can be supplemented by a small lifting platform.
